## Santa Arrives In Area Friday

Will Meet Youngsters In Venice, Madison, Shopping Centers, Cabin

Santa Claus will arrive by fire truck in the Quad-City area, laden with candy gifts for youngsters on hand to greet him at his stops in Venice and Madison and the Bellemore Village and Namooki Village Shopping Centers before he begins receiving Christmas requests in his cabin headquarters at 19th street and Edison avenue.

Santa is scheduled to make his usual grand entry at the foot of McKinley bridge at 9 a.m. and will go directly to the Venice post office at Fourth street and Broadway where he will make his first stop to visit with youngsters of the Venice area, according to the Associated Retailers & Civic Association which has arranged for Santa's appearance in the area. Free movies at the Washington Theatre are to start at 9:30 a.m. Friday.

From Venice, Santa will go to Madison where he will stop at Third street and Madison avenue for another visit with youngsters of the area at 9:35 a.m. Santa's procession then will proceed to the Bellemore Village Shopping Center for an appearance at 10 a.m., and then to Namooki Village Shopping Center for another stop at 10:30 a.m.

After his morning visit at Bellemore Village Shopping Center, Santa will proceed to Granite City where he is due to arrive at his cabin at 11:30 a.m. He will give out candy treats to youngsters.

### Newlin New Manager At Nestle Co. Plant

John W. Newlin has been named plant manager at the local instant coffee plant of Nestle Co., Inc., it was announced today by John C. Sluder, vice president, manufacturing, at White Plains, N. Y.

Newlin will be responsible for the overall operation of the local plant which produces Nescafe instant coffee. He will succeed Howard D. Wellman, who has been reassigned to the Chocolate division of the firm. Wellman will remain until about Jan. 15.

Before joining Nestle in 1964 at its Freehold, N. J., Nescafe plant, Newlin was graduated from Pennsylvania State University, where he majored in chemical engineering, and from the Harvard Graduate School of Business Administration. He was manager of the Nestle milk factory at Marysville, O., prior to his appointment here.

Newlin has purchased a home in Granite City and will move, his family here next week.

Prior to the January 1965-1966 state legislative session, school officials had been studying the possibility of presenting an educational fund tax increase to voters, either alone or in combination with the building program now being submitted.

However, the Illinois General Assembly substantially increased state school tax aid, easing a financial squeeze which had been created by rising enrollment and instruction costs.

State legislators also adjusted tax rate limits affecting educational spending, the owner would pay an extra \$4.50 or \$5 a year.

### No School Friday For Venice Pupils

Venice Supt. of Schools' John O. Pier announced yesterday that Venice schools will remain closed this Friday, allowing students and teachers a four-day Thanksgiving weekend holiday the same as other local school districts.

Friday originally was scheduled as a normal school day, the school administrator said, to conform to the number of classroom days required by state law.

Venice school district, Pier explained, has a shorter calendar year than other Granite City or Madison schools. If necessary, he added, the extra day will be included later this year.

### Local Divers Aid In River Search

(Picture on Page 3)

Members of the Granite City Bombblasters Diving Club risked their lives along with other metropolitan area divers in an unsuccessful effort to locate an auto and motorist in the Mississippi River, and then helped find the body of one of the searchers, Charles Mazzia, Monday afternoon.

Ron Homyer and Richard Griffin served as safety men in the water for Robert Thomas of the St. Louis club as the latter located Mazzia's body 250 feet off the Missouri shore. His air tanks were empty and it is believed that he became lost from the other divers and was unable to let them know he needed assistance.

The unidentified missing motorist has not yet been found but is presumed also to be dead. Members of the St. Louis Underwater Recovery Team had been called by St. Louis police last week to recover a 1963 auto reportedly driven into the river at the foot of Pine street. A map was seen to surface and then ap-

However, the Illinois General Assembly substantially increased state school tax aid, easing a financial squeeze which had been created by rising enrollment and instruction costs.

State legislators also adjusted tax rate limits affecting educational spending, the owner would pay an extra \$4.50 or \$5 a year.

For a \$10,000 home assessed at \$2000, an eight-cent rate increase would result in a \$4.80 boost in yearly property taxes; a 13-cent increase would cost \$7.80 more than is currently being paid.

## County Board Overdraws Fee Fund

Per Diem Account Is Only General Revenue Fund Item in the Red

The 49 members of the Madison county board of supervisors have overdrawn their 1965 appropriation for per diem fees by \$686—with a total expenditure of \$37,663 for the first ten months of this year and payment of 23% of that amount to 13 supervisors of the Quad-City area.

The appropriation for payment of per diem fees during the entire year of 1965 was \$32,000. During October the bill for such fees amounted to \$686. If November and December fees approximate that figure, per diem costs for supervisors for the entire year will exceed a total of \$70,000, or \$18,000 in excess of the appropriation.

Reported in the office of County Auditor John Kravak show that 13 Quad-City supervisors—three of them Granite City officials who served only partial terms throughout the year—recorded an aggregate of \$13,206, or 23% of the total spent thus far for payment of committee meeting fees and mileage for attending meetings.

### Only Fund Overdrawn

While the supervisors have continuously stressed economy to courthouse officials and have refused additional manpower for the sheriff's office, their per diem account is the only fund in the general county revenue budget that is overdrawn. Total expenditures from the general fund for the first ten months of the year amounted to \$1,060,500, or 77.8% of the \$1,361,569 appropriated. This is below the average of \$2,825 for the first ten months.

Although the Quad-City area normally has 12 supervisors on the payroll, first ten months supervisors "draw fees during the year" was \$10,000, according to the board from the other divers and was unable to let them know he needed assistance.

JOHN WILLIAM STAMPS  
A Menard Riot Leader

## Stamps was Leader In Menard Riot; 3 Guards Slain

John William Stamps, 25, Granite City murderer serving a 25-year prison term, was identified as one of four ringleaders of a bloody prison riot at Menard penitentiary yesterday in which three guards were brutally slain and six others wounded with handmade knives. Stamps last address here was in the 2900 block of Myrtle avenue.

The riot, which started at 4:15 p.m. in the dining hall, lasted four hours and was subdued by Ross Randolph, Illinois Director of Public Safety and a former prisoner at Menard. He talked the rioters into surrendering and releasing two guard hostages.

A "Nokotov Cocktail" of paint thinner in a vinegar bottle started the riot while 1000 prisoners were eating supper. Randolph said one of the ringleaders threw the explosive into the gun cage where guns are stored for guards.

In the resulting melee, a handful of prisoners attacked the guards. The large body of prisoners did not join in the riot, and Randolph and Warden Max Frye said responsibility for the attack was narrowed down to four men identified as Stamps, William E. Bassett, 25, of Wayne county, serving a forgery term; Alanzo M. Jones, 27, of Coles county, serving a theft term; and Clarence Ray Griffin, 28, serving time for armed robbery.

### Prison Made Knives

The attack left three guards dead: Les Arthur Kiar, 45, and Lewis Paul, 36, and Guard George L. Wilson, 62. All were stabbed to death with the prison-made knives.

The two lieutenants were killed immediately. Wilson died several hours later.

Six other guards were wounded, two of them seriously. Stamps was sentenced to a 25-year prison term in circuit court at Edwardsville after he pleaded guilty on Feb. 10, 1961 to the

## GC Council Stalls New Bus Routes, One-Way Streets

More Traffic Signal Lights Are Proposed

Expansion of the city's system of electric traffic signals is being planned by the Citizens' Traffic Study Commission and traffic engineer, it was announced Monday night to council members.

It is recommended that within the near future electric signals be installed on State street at its intersections with Niedringhaus avenue and with 20th street. The signals at Niedringhaus and Grand-21st street would be removed.

Proposed within the next three to four years are signals on State street at 19th street and also at State and 18th streets and at West 2nd street and Missouri avenue.

### New Law Forbids Storage of Junk On Pvt. Property

Storage of junk, such as piles of debris or broken-down autos in yards, on private property is prohibited in Granite City under a new law adopted Monday night by the city council.

The ordinance, copied from one in Aurora where that city rid itself of hundreds of junk autos, allows complaints to be filed by individual citizens as well as city officials.

One alderman was leery that the ordinance might bring forth a rash of neighborhood feud warrants.

Alderman Barotasiak suggested the ordinance be amended to permit residents to accumulate ashes throughout the winter before hauling them away. However Alderman Parmley urged that the law be passed intact since it had been properly tested in court at Aurora.

It was passed unanimously. Fines for violations range from \$10 to \$500 for each day.

Under the new law, the city inspector or police may remove junk for junk to be removed in a period of two to 10 days. If the notice is ignored, a complaint may be filed.

The law does not apply to junk yards licensed by the city.

Conferences Ordered With Bi-State Transit, City Traffic Engineer

Change of routing for the McKinley Bridge buses—scheduled to take place next Monday—was blocked by Granite City council members at this week's Monday night session.

The proposal by Bi-State Transit Co. to relocate all north-south travel on Delmar avenue instead of having buses run north on Benton street and south on State street was postponed indefinitely. The announced change to combine the Mitchell bus route with the bus runs to Alton will start next Monday as planned.

Alton service on the Pontoon-Maryville road run highway extension to the McKinley Bridge line will take place next Monday as announced.

Council members ordered the bus firm to present each alderman with a map and a written outline of the Granite City proposal for study prior to a later meeting of the council with the firm's officials.

The aldermen insisted no changes be made in bus routes in the city prior to the conference to be set up next month or in January.

Third Ward Alderman Clyde Boyd condemned the transit firm for announcing the changes publicly before advising the council. He accused the company of trying to dictate to the council and hinted there had been an agreement between the bus operators and the city's traffic engineer in the traffic engineer's proposal to reverse one-way travel on Benton street from northbound to southbound.

After submitting a representative of Bi-State, the council turned to its traffic engineer, who was instructed to meet next Monday night with aldermen of the Second, Third, Fourth and Seventh wards to defend his plan.

Representing Bi-State was Roy E. Krupp, director of the bus firm's planning department. He denied any arrangement with the traffic engineer, and said he had conferred with the citizens' Traffic Study Commission to learn what plans were being developed for traffic movements.

Traffic Engineer George Crawford said he was studying a one-way pattern was proposed for an efficient and easy flow of traffic and not to add the bus company in any changes for its routes.

As council members began firing other questions at the Bi-State Transit representative, Mayor Partney asked that they be restricted to routes only. Council members were complaining that the rate to have a Bi-State Transit representative present, and the mayor permitted the questioning.

Nann, who drives a Cadillac as his personal car, said he rode a bus once and believes the city is sending "second rate" equipment on the local runs. He said that with a layover "out in the sticks" it took him 40 minutes to get to St. Louis.

Critical of Layover Point Johnson was critical of a bus layover on Maryville road instead of on Pontoon road. "It's causing a drainage problem and I'm getting complaints," he said.

Poulos said residents along Delmar avenue were complaining bitterly of the proposal for buses to run in both directions on their street, and Rutledge and Green said bus riders from the West Granite and North Granite areas were complaining that they would have longer walks to Delmar avenue instead of to Adams or Benton streets.

Sternberg said he had not received any complaints except for layover locations until the route was announced. "Now I'm getting a wagon load. You've pre-empted the council."

Mayor Partney added that his office also was being receiving complaints on the route change. He added that he had not been advised officially of the proposal until earlier that day. "I suggested that Mr. Krupp appear before the council tonight."

Partney was interested in providing good service and that a study showed Delmar avenue was most centrally located and would best serve the community.

## Crackdown to Begin on School Zone Speed

"Nobody can say they don't know they're in a school zone," Granite City council members remarked Monday night when Mayor Partney announced, the city, township and school districts are going to all over the city.

Erection of the bright orange-red reflector type signs was started this week along 21st street by street department employees. Mayor Partney said the accompanying 20 mph signs will be enforced to the letter.

The new signs, which are being made by the city painter in a ballroom workshop in the city hall, will be placed at all school crossings within a 600-foot radius of every public and parochial school in the city.

Enforcement is to be started in about 10 days.

Council members rejected the Citizens' Traffic Study Commission's recommendation for the 25 mph speed limit along East 23rd street to be increased to 35 mph. Aldermen complained that if traffic now goes 35 to 40 mph with a 25 mph limit, it will jump to 50 mph if the limit is raised.

Others argued that while homes are along one side of the street, there is only industrial property on the other, and there would be no reason for youngsters to go into the street, causing a hazardous condition.

Council members did approve a Traffic Study Commission recommendation for several no parking zones.

These include along the median strip of St. Clair avenue from Willow to Maryville road; the south side of Edwards street from Nameoki road to Ridgeland avenue; the south side of St. Clair avenue from Nameoki road to Dale avenue; the south side of East 27th street from Washington to State street, and the north side of Ralph street.

## W. Pontoon Road Project Planning Snagged on R-O-W

A request will be made to the state highway department for added time to secure right-of-way for the proposed West Pontoon road widening and improvement project so that it might be included as an alternate when bids are called early next year for the widening of the north end of Nameoki road.

Council action was taken Monday night after it was explained in a letter from Leo Konzen, assistant city attorney, that such a request to the state will not delay the Nameoki road project.

Konzen, who is handling the right-of-way acquisition, said that as alternate the West Pontoon project could be carried out at less cost to the city. He added that the city should not delay just because its motor fuel tax fund is low.

The West Pontoon road widening from Namsold road to the four-lane county roadway is to be carried out solely with city MFT funds, while the Nameoki road project is 90-10, with the city paying 10% of the cost with MFT.

## Retiring After 44-Year U.S. Government Career

Emanuel H. Shenandoah, 1956, State street, will retire Friday as a Missile Supply Division clerk at the Air Force Aeronautical Chart and Information Center, St. Louis, completing nearly 44 years of civil service and military employment with the federal government.

Entering the Army in March 1918, he served in Germany and France during world war I and returned to the Army in 1923, being discharged in February 1941 as a Quartermaster Corps non-commissioned officer. For his later civil service work, he has received several citations recognizing long and effective work.

He is a member of St. Peter United Church of Christ, and he and his wife, Martha, celebrated their 32nd wedding anniversary Nov. 4. A baseball fan and a former athlete, he hopes to visit in Wisconsin, where he was born, but will remain a local resident.

some board members who receive \$20 for each committee meeting attended. Those receiving the \$20 fee are supervisors who began new terms last May under a law lowering the fee from the previous \$15. Holdover supervisors who were not subject to re-election last spring still receive the \$15 until the beginning of new terms. An allowance of \$3 in mileage is made for each meeting.

With the amounts paid Hag-nauer and Pendleton, total fees paid to Granite City supervisors during the ten months amount to \$2228, or about 65% of the total paid to Quad-City supervisors. Payments to other Granite City supervisors included Milton Allen, \$1270; Carl Buehler, \$501; Mrs. Mary Ann Gaughan, \$864; Carl Roach, \$194, and William B. Webb Jr., \$1590. Mrs. Gaughan and Buehler received fees from May 1 through Oct. 31, while the others received fees for all ten months of the year. Webb and Roach still receive fees on the basis of \$15 per meeting.

Harry Briggs, supervisor of Nameoki township, received total fees of \$378, which is the smallest amount for any ten-month period except the \$31 drawn by Claude Echols of Venice who seldom attends committee sessions. Arthur Moore, Venice supervisor, drew a total of \$1394 for the ten months and Jay Maureo, also of Venice, was paid a total of \$1217. Charles Werner, Nameoki township, received \$958, and Joseph Troecker, Chouteau township, received \$1737.

Hag-nauer serves on two busy committees. He is a member of the finance committee and a member of the zoning committee. Allen is on three committees, state charity, county officers and the tax committee, while Buehler is a member of the state charity committee. Other committees on which Quad-City supervisors serve are: Mrs. Gaughan, county nursing home and detention home; Roach, right-of-way and printing and town accounts; Webb, right-of-way, rabies control, detention home; Briggs, tax and delinquent tax; Echols, emergency; Maurer, county jail and sanatorium; Moore, road and bridge and sanatorium; Troecker, chairman road and bridge committee, tax and rabies control; Werner, rules and judiciary.

# Bill List Payroll under Fire

## Belligerent GC Council Blasts All Comers

Potholes were flying all around during Monday night's council session as the aldermen, fired verbal volleys not only at each other, the city's traffic engineer and a Bi-State Transit bus route planner but also at the mayor.

The mayor withstood the barrage, aimed at his appointment of a secretary for the police department, and proceeded with her re-appointment through Dec. 31, even though City Atty. Allen advised him the 30-day appointments were not necessary.

Council members, in separating the pay of Mrs. Lavecia Erwin, police secretary, from the payroll, indicated they believed they held the upper hand, but it was learned Mrs. Erwin has received her pay for the first half of the month (also rejected by the council earlier this month).

"What's the use of our being here if she gets her pay," Whittmer commented.

The aldermen voted down her re-appointment for December and also voted down her pay for the last half of November. Her pay is \$225 a month.

# Reappointment Rejected

Re-appointment of Mrs. Erwin was rejected by a vote of 8-to-5. Partney was supported by Aldermen Rutledge, Moerlin, Sternberg, Thompson and Fry and opposed by Nomm, Whittmer, Bartosik, Johnson, Parnley, Roberts.

The overhead door bill was questioned since the new fire station has not yet been accepted officially by the city. Dren Co. was paid \$231 for October maintenance of city traffic signal lights.

# \$200 Mayor's Expenses

Expense allowances on the bill list included \$200 paid to Mayor Partney, including \$110 for his auto, \$6 for a book, 72 cents for a registered letter, \$47 for flowers, \$10 for lunches and \$35 for dinners.

Aldermanic allowances of \$30 each were approved for Boyd, Fry, Green, Johnson, Nomm, Parnley, Poulos, Robertson, Rutledge and Whittmer.

Other allowances were \$50 for Orville Deltour, city building inspector; \$50 for Delbert Lampher, city maintenance man; \$50 for William Warfield, street superintendent; and \$50 for Raymond Willard, police chief.

Deltour and David John, chairman of the zoning appeals board, were allotted \$80 each to attend a Zoning Institute at the University of Illinois.

# 12 Indictments By Grand Jury

The Madison county grand jury returned 12 indictments and 10 no true bills Tuesday in circuit court at Edwardsville.

The indictments were suppressed pending arraignments at 9:30 a.m. Monday. The cases may appear on the Dec. 8 criminal setting of circuit court.

No Quad-Cityans were among the defendants exonerated by the jury. The grand jury, headed by Leo Davinroy of Venice as foreman, had returned 39 true and 15 no true bills on Oct. 6 following an extended session. It was in session on Tuesday and Wednesday of last week before reporting yesterday.

## Nameoki Township Borrows \$30,000 For Roads, Relief

Resolutions adopted by the Nameoki township board Monday night provided for the issuance of two anticipation tax warrants, amounting to \$30,000, against col-

lection of 1965 taxes next year. Amounts approved, included \$20,000 for the special hard road fund to enable continuation of needed road repairs, and \$10,000 for the general assistance fund. The money will be borrowed from Granite City Trust & Savings Bank at 4% interest. In other action, the board heard opposition to the granting of a zoning change requested by Charles Moutell, 1709 Union

street, and discussed the feasibility of forming a commission to study township needs in housing for the elderly. Opposition was expressed by Mrs. Elsie Woods and Mrs. Evelyn Wilson to the construction of an apartment building at Wabash avenue and Union street. Both live near the site and opposed a similar special use permit sought by Moutell to erect a grocery store, beauty salon and apart-

ments at the same location. The original request recently was denied by the county board. Supervisor Harry Briggs told objectors a hearing on the zoning change will be held at the site at 1 p.m., Dec. 10. The two women also asked township officials to investigate a "junk yard" located

near the intersection of Ball and Wilson avenues. Auditor Herbert Polley pointed to the need for subsidized, low rent housing for elderly persons in the township and asked that a commission be appointed to study the proposal. Briggs suggested that the proposition first be discussed with the Southwestern Illinois Metropolitan Area Planning Commission as to legal aspects, federal aid and future growth plans.

Expenses authorized for payment totaled \$1414, and included \$871, road & bridge fund; \$627, special bridge fund; \$53, town fund; and \$83, special hard road fund. The township officials approved the appointment of Auditor William Schreiber as institutional representative for newly-created Explorer Post 23, sponsored by the town board. Permission was given for the youths to meet each Wednesday evening at the town office.

Following the town meeting, the board met with Charles Miles, Post 23 advisor, and John Lerch, assistant advisor, who explained the purposes of the Explorer program. They said seven youths are enrolled and three others are expected to join this week. Membership is open to any youth living in the township.

Santa Arrives**  
there and a photographer will be on hand to take pictures of youngsters with Santa Claus. To make his trip through the Quad-City area this year on fire engines of the Venice and Madison fire departments on the Shriners' fire engine. Venice firemen will take Santa through Venice, Madison firemen will take him through Madison and in Granite City Santa will transfer to the Shriners fire engine for his trip to tie shopping centers and back to his cabin headquarters.

Downtown streets have been decorated for the Christmas season and lights will be turned on Friday night, following Santa's arrival. Arrangements also have been announced by the Associated Retailers for telephone messages from Santa. Youngsters may hear Santa's voice and receive his message by calling TR-7371. Throughout Santa's parade in Venice and Madison and in the shopping centers, Santa will have with him a large mail box in which he will receive letters from the children along the route of his parade.

**Santa Jumps at 2 P.M.**  
Meanwhile, old Santa is scheduling an appearance at Bellevue Village Shopping center again at 2 p.m. Friday, this time by parachute. He is to land on the Coolidge junior high school grounds across from the shopping center to talk to youngsters and take their orders for Christmas gifts.

The annual Friday - after-Thanksgiving-Day movies at the Washington Theatre will begin at 8:30 a.m. and continue until 5 p.m.

Downtown retailers will initiate their Christmas shopping hours on Dec. 5, remaining open until 8:30 p.m. on weekdays and 6 p.m. on Saturdays. On Saturday, Dec. 18, the last Saturday before Christmas day, stores will remain open until 8:30 p.m.

**Hodcarriers at  
GC Steel Set  
Nov. 30 Strike**

Members of Hodcarriers Union, Local 179, employed at Granite City Steel Co., have authorized a strike to enforce contract demands in current negotiations, it was reported today. The strike vote was taken at the Labor Hall in Edwardsville.

Charles Stewart, business agent of the union, said the strike will be called at midnight Tuesday, Nov. 30, if a contract agreement is not reached between company and union negotiators by that time.

Stewart said the union is asking an increase of 80 cents per hour and that the wage issue comprises the principal point in negotiation. There is no conflict on other issues such as pensions, insurance and other fringe benefits, Stewart said.

The contract covers about 60 hodcarriers employed at the mill. The number varies with 45 men on the payroll at the present time. Stewart said approximately 100 hodcarriers are employed at peak periods, but about 60 are on the payroll as an average.

The hodcarriers contract expired last Aug. 31, but was extended to a period of 30 days after completion of an agreement between the company and the United Steelworkers of America. That agreement was reached the latter part of October.

Stewart said "some progress" toward agreement had been made in recent negotiation sessions. Details of the wage award were not disclosed pending further discussions of the contract. Granite City Steel also is negotiating with the Bricklayers Union, which also has extended its contract until Nov. 30.

**Homecoming Group to  
Hold Dinner Jan. 19**

A general membership dinner meeting at 6:30 p.m. Jan. 19 at St. Mark's Catholic Church basement was planned at a monthly meeting of the Venice Homecoming and Memorial Association Tuesday evening at the Venice city hall.

Al Pace, president, was in charge. Reports were given by Lloyd Patterson and Bernard Anderson and bills were approved for repair work at the group's income property on Broadway.

A progress report was given on a "history of Venice" project, and a discussion was held on purchasing a microfilm reader-printer. A nominating committee for new officers was appointed, with William Boerckel as chairman, assisted by Mrs. Freda Leason, Mrs. Sybil Robbs, Erwin Essenspies and Mrs. Creola Warnhoff.

Pace was named chairman for the Jan. 19 dinner. He is to be assisted by Mrs. Ann Harder, Mrs. Barbara Hadley, Mrs. Margaret Lee and Mrs. Aileen Patterson.

Due to the Christmas holidays, the December meeting has been cancelled.

## Mrs. Sara Dempsey Elected Worthy Matron of New Hope

Mrs. Sara Dempsey was installed as worthy matron of New Hope Chapter 432, Order of Eastern Star, in an impressive ceremony Monday evening attended by 200 persons at the Masonic Temple.

Officers taking office were Jack Dempsey, worthy patron; Carol Cook, associate matron; Melvin Hildebrand, associate patron; Bess Weiss, secretary; Max Merz, Jr., treasurer; Ruby Wood, conductress; Gertrude Lowry, associate conductress; Lois Adams, chaplain; Donald Adams, marshal; Augusta McKissick, organist; Minnie Clay, Adah; Irene Kessler, Ruth; Evelyn Harris, Esther; Ruth Thompson, Martha; Dorothy Cramer, Electa; Herman Harris, warder; Jack Edwards, sentinel; Winifred Edwards, color bearer; and Edna Barr, a past Grand Matron of Illinois, instructress.

Estelle McBrien was installing officer, Helen Merz served as installing marshal; and Marie Hoekstra, was installing chaplain. All are past matrons of the chapter.

Hulda Griffith, a past matron of Granite Chapter, was installing organist and Edward McKelvey, Frank Jones, Phil Morrison, past patrons, were escorts. The lodge room was decorated in red and white and white run-white runners extended from East to West and North to South. White candelabra held red and white candles in the East and West tied with red ribbon bows, and white chrysanthemums on the star point chairs covered in white.

## 4-H Club Plans Ice Skating Trip

The Sand Prairie 4-H Club met Monday in the home of Mrs. John Breyer, the leader, on East 27th street.

Mrs. Breyer conducted the meeting and plans were made for a trip to the Steinberg skating rink in St. Louis. The remainder of the time was spent at games and refreshments were served by Mary Ellen Breyer.

Present were Carol Smolar, Carol Flach, Susan Lucido, Sandy Lucido, Jean Smolar, Patty Hayes, Susan Hoelter, Cathy Roter, Karen Wietz, the hostess and Mrs. Breyer.

## Susan Cavanaugh Is Honoree

The 13th birthday of Susan Cavanaugh was celebrated Monday evening at a party given by her parents, Mr. and Mrs. Thomas Cavanaugh, 2409 Delmar avenue, in their home.

The guests present were Pamela Libby, Sheila Kuback, Deanne Creek, Janice Brewer, Sharon Bogosian, Tina Marie Gluchoff, Kathryn Vasquez, Patti Reader, Cheryl Cottrell, Dru Thomas and Meloyde Slattery.

ENTERTAINERS FOR BRIDE AND GROOM

Mrs. Helen Womack entertained guests at a reception Monday evening at the home of Mr. and Mrs. Donald Justus, 2104 East 20th street, in honor of her son-in-law and daughter, Mr. and Mrs. Burt W. Seibert, who were married Saturday in a civil ceremony taking place in Belleville. The bride is the former Joyce Ann Pasley.

Mr. and Mrs. Seibert will leave Friday for Maine where he is stationed with the U.S. Navy.

Mrs. Sylvia Cross played a violin number as the candles were lighted by Andrea Miles and Cindy Adams and a basket of red button mums was placed in front of the pedestal in the East by Lopi Leppa.

The members and guests, a number of whom were from out of town, were welcomed by the retiring, worthy matron, Mrs. Dorothy Edwards. Mrs. Barr and Mrs. Lucille Turner, grand representative of Maine in Illinois, were introduced, as were other past matrons and patrons of the chapter.

The ode to the flag was given by Mike Adams, and the soloist, Carl Young sang "You'll Never Walk Alone" as the worthy matron knelt at the altar to receive her badge of office.

She was then escorted to the East by Edward Kueffner. As the worthy patron took his obligation the soloist sang "I Believe." He was escorted by his young son, Jack Allen Dempsey.

Mrs. Barr presented the retiring matron with her past officers' jewel and Alfred Haynes, retiring patron, received his jewel from his wife. As the soloist sang "The Lord's Prayer" Mrs. Roberta Lefler and Raymond Barr escorted the new officers to the altar to sign the Bible.

The ceremony was concluded with the benediction by the Rev. Gale Cross, pastor of the Nameoki Presbyterian Church, and a reception followed.

The reception committee was composed of Mesdames Louise Thompson, Elizabeth Jones, Laura Benson, Beverly Benoit and Ruth Haynes.

## Eagles Auxiliary To Aid Needy

A regular meeting of the Eagles Auxiliary was held last night with Mrs. Ann Konopka presiding.

The group voted to spend \$20 a less fortunate person for Christmas and to send a donation to The Forum of the Four Chaplains.

Mrs. Bernice Johannigmer was installed as a trustee to fill an unexpired term, and a new member, Mrs. Catherine Moser, was welcomed.

Plans were made for a Christmas party and \$1 gift exchange on Dec. 14. Mrs. Margaret MacZura was awarded a special prize, and the "white elephant" went to Mrs. Isabel Bozif.

After the meeting Mrs. Fay Briggs, Mrs. Konopka and Mrs. Helen Lipchick served refreshments to 28 members.

## AAUW STUDY GROUP HOLDS MEETING

A review of the book "Night of Camp David" by Fletcher Knebel, was given by Mrs. Hugh Foster last night at a meeting of the Literature Study Group of the Granite City Branch of the American Association of University Women in the home of Miss Geneva Wallis.

Others present were Mrs. Emma Schoen, Miss Florence Tansberger, Mrs. Charlotte Price and Pat Gonna, the latter a guest.

## 41 IN ONE FAMILY.

### THANKSGIVING GUESTS

Mr. and Mrs. Claude Duval will entertain 41, all member of one family, at Thanksgiving dinner tomorrow at their restaurant, the Rose Bowl.

The group will include Mr. and Mrs. Adolph Sauerburger, friends for many years; their six daughters and husbands, and their 27 grandchildren, all of St. Louis.

Mr. Sauerburger, who is 74, became blind suddenly about a year ago, but prior to that the family had its own musical group, with each of the daughters and the parents playing an instrument or accompanying as vocalists.

## Hospital Auxiliary Re-elects Mrs. Argelan as President

Mrs. Irene Argelan was re-elected president of St. Elizabeth Hospital Auxiliary at a meeting Monday evening in the library of the hospital.

Other officers for 1966 will be Mrs. Catherine Pisel, and Mrs. Marie Hampton, first and second vice-presidents, respectively; Mrs. Gloria Allen, recording secretary; Mrs. Grace Henrich, corresponding secretary; Mrs. Elizabeth Kelly, treasurer; and Mrs. Helen Bergfield, coffee and gift shop treasurer. The board members will be Mrs. Helen Mader and Mrs. Vera Carey.

Mrs. Argelan opened the meeting with silent prayer. The hospital's new chaplain Rev. Godfrey Pionkowski, who was introduced by Sister Mary Thomas, hospital administrator, spoke on

the Franciscan Order of which he is a member.

Mrs. Argelan and Mrs. Pisel reported on the recent meeting of the Illinois Hospital Association which they attended in Chicago.

Other reports were read and Mrs. Pisel announced the annual volunteer Christmas party would be held Dec. 22. The Auxiliary Christmas dinner party will be Dec. 6 at 6:30 in the cafeteria when toys will be brought for the children. The officers are also to be installed at the latter meeting.

Three new members were welcomed at the meeting. They were Mrs. Antoinette Brisky, Mrs. Raquel Sarasa and Mrs. Joan Ruth.

Refreshments were served to 50 persons, including two guests, Mrs. Louise Brammell and Mrs. Doris Vaughn. Mrs. Rosella Kiny was the prize winner.

## Brownie Troop 330 Holds Investiture

Brownie Troop 330 sponsored by the Niedergang school PTA held an investiture ceremony Monday afternoon in the school cafeteria.

After the pledge to the new flag presented to the Troop by Mrs. Catherine Rojas of the VFW Auxiliary, the leader, Mrs. Helen Yeager, assisted by co-leaders, Mrs. Mary Fryntko and Mrs. Queenie Eitfelm, presented four third graders, Donna Choat, Rhonda Cionko, Brenda Mueller and Lisa Rankin, with first year pins.

Epon entering the room along a path of "good deeds" and repeating the Brownie Promise, each of the girls was presented with a Brownie pin. The Troop followed the presentation of the pins with the songs "When'er You Make A Promise" and the Brownie "Smile Song."

In appreciation of their services the Troop committee mothers were given Girl Scout pins, and information regarding the "Festival of Giving" on Dec. 12 was given to the parents.

Brownies present were Barbara Baumberger, Sue Ann Culp, Anastasia Eileff, Debra Elmore, Magdalene Fryntko, Margaret Goetz, Nancy Greer, Terry Hawkins, Kathy Lawson, Joanne Martin, Rebecca McCommis, Carol Smith, Robin Stanton, Linda Thompson, Barbara Weldon, Caroline Yeager, Donna Choat, Rhonda Cionko, Brenda Mueller and Lisa Rankin. Refreshments were served.

## Tea and Musical For PEO Meeting

A "Thanks-Giving" tea and musical was given by Chapter HT of the P.E.O. Sisterhood Monday afternoon in the home of Mrs. E. F. Reiske, 2635 State street. Mrs. G. E. Halyama was co-hostess.

The program consisted of two vocal numbers by Mrs. Austin Lewis, "One Kiss" and "Come Back to Sorensen" with accompaniment by Mrs. Rae Miller; two piano selections by the latter, "Consolation" and "Prelude in C Minor," and the concluding number by Mr. and Mrs. E. A. Karandjef, number six in the group of unaccompanied violin duets by Ignace Pleyel.

After the program tea was served from an attractively appointed table presided over by the chapter president, Mrs. E. H. Baker, and Mrs. R. E. Chapman. It was centered with yellow roses in a crystal bowl and lighted with tall yellow tapers in silver holders.

Mrs. Baker conducted a short business meeting after the program.

RETURNS FROM TENNESSEE  
Mrs. Arthur Crabtree, 2909 Benton street, returned Monday evening from the south where she spent two weeks visiting relatives. She had a reunion with her sister-in-law, Mrs. O. J. Heyer, and family in Chattanooga, Tenn., and also visited her sister, Miss Lida Heyer in Nashville, her brother and sister-in-law, Mr. and Mrs. J. T. Heyer, in Memphis, and Mrs. Elsie Kurman in Jackson, Tenn. All are former Granite Cityans.

### In Turkey Day Tilt

## Chef Boy-ar-Frala Meets 'Duncan Hines' Cameron

Radiating all of the pageantry of the Rose Bowl parade, the bitter rivalry of the Wisconsin and Minnesota grid teams and the significance of the pro-all-star football game, the Belleville tilt at East St. Louis tomorrow should be a whale—hopefully not a turkey of a game.

Preparations during the past two weeks have been elaborate; the voyages for both teams have long since passed, nine weeks ago.

The Flyers have cruised through nine opponents without a hint of losing a game, while Belleville's Maroons have posted a 7-1-1 season mark. Each team is undefeated in Southwestern Conference play, and a win tomorrow would mean the conference championship.

**Backfield Stocked**  
East St. Louis Coach Fred Cameron will be counting on his nicely-stocked roster for the scoring punch, while relying on the strong defensive forward wall of the Flyers.

In his backfield, Cameron will start halfbacks Ron Lane and Clyde Gillespie, fullback Tom Bayless and signal-caller Forry Wells.

End-to-end defensive carpeting for East St. Louis average something over 180 pounds per man, while tackle-to-tackle they weigh in at an average of 265 per man, with Houston Haines' 254 the biggest weight.

**51st Meeting**  
In this, the 51st meeting of the two teams, East St. Louis holds a 37-163 edge, and coach Bob Fraley's Maroons are out to narrow the margin somewhat.

Clyde Kuhn, possibly one of the finest high school backs in the nation, Mike King, and Steve Darrt will go for the Maroons on their offensive team, nicknamed the "Go Team."

games, and quarterback Jack King has tossed the ball for 15 completions in 31 attempts and 318 yards.

Fine backfields are fine backfields, and both teams have them. But, one of the pride and joys of Fraley is the defensive team, which has been named the "Samurai Team."

The strongest part of the Maroons' line is its right side, where foes have tried 49 plays and gained 72 yards for a 3.5-yard-per-play average. Gary Gudovich and Chuck Neumann, right guard and right tackle, are the big reasons for the small average at this spot.

**Middle Vulnerable**  
While the right inside of the Belleville line is nearly impenetrable, the middle of the line has been, in comparison, ravy for opponents. Here, 60 attempts have been made for 394 yards and a 4.4-yard average. Enemy passers have lost only seven yards trying to pass, dropping back from the middle of their line.

Whether Mom is in the kitchen baking the turkey, or on the sidelines watching Junior, the table is set, at Parsons Field, at any rate.

Stuffed with speed and garished with a 9-0 record, the East St. Louis Flyers are a narrow favorite in the game. On the other side of the field, Belleville's gourmets have prepared a tasty dish—roasted desire, sprinkled lightly with underdog spics, and topped with a nice tasty pumpkin pie.

The pie? Well, let's just call it a turkey.

## Dupo Coach Resigns From Grid Position

Don Brubaker, head football coach at Dupo community high school, will not be returning as the head grid mentor for the 1966 season.

At a dinner given for Midwestern Conference football team coaches and their wives last night, Brubaker told a Press-Record reporter he will retire as football coach and hopes to take over the duties of athletic director. He will retain his post as assistant track coach, he said.

The Dupo school board meets tonight and a successor may be named. Paul Stewart, Brubaker's assistant, has applied for the post.

Brubaker, whose grid teams had lost 22 straight games before cracking the win column, posted a 1-4 Midwestern record this year. Madison's Trojans beat the Tigers, 12-7.

## All-MW Grid Team Announced at Dinner For Head Coaches

The eighth annual all-Midwestern Conference football team, chosen by the coaches themselves, was announced at a dinner for the conference coaches and their wives last night.

## Roca Club Cagers To Play on Monday

The Roca boys club has scheduled a basketball game against Community Center to be played at 8:15 p.m. Monday at Coolidge junior-high school. It was announced last night during a meeting of the club at the Moose hall.

Also announced was the selection of Gregory Patton as the outstanding member for the fall term for his accomplishments for the church, community, school and the club.

That any of the surprises that Fraley and his chefs may be planning. Game time, or feast time, will be at 10 a.m.

## Tickets Available for GC Fall Sports Dinner

Tickets still remain for the 1965 annual fall banquet slated for 6:15 p.m. Dec. 1, which will honor Granite City high school varsity athletes, cheerleaders and Red and Pepper Club members. The event will be held in the GCHS cafeteria.

Featured speaker will be Buck McPhail, backfield coach for the Fighting Illini football squad.

An All-American in his senior year at the University of Oklahoma, where he later served as assistant coach to Bud Wilkinson, McPhail played professional football in 1953 and spent the next two years in the Army. He has been on the U. of Illinois coaching staff since 1957.

Letter awards will be presented to members of the GCHS football and cross-country teams by Principal Lawrence McCauley and head coaches Jim Morrison and Dick Harmon.

Other highlights of the evening include announcing the winner of the Chris Marocco award, made each year to the outstanding sophomore football player, and naming of 1966 team captains.

## Cahokia's Larry Edwards Only Unanimous Choice by Coaches

By MIKE GREMAUD  
Press-Record Sports Editor

Undefeated in league and overall play, the Comanches of Cahokia high school placed six men on the first team and dominate the Press-Record's eighth annual All-Midwestern Conference football team.

The Comanches placed Larry Overton, Don Gilmer and Charles Tieman in the backfield, while Larry Edwards, Mark Catlett and Pat Calhoun won first-team lineman honors.

Coach Pete Truran's crew posted a near-perfect 8-0-1 season, tying 19-19 against Centralia and handily downing five conference and three other foes.

The Press-Record's all-conference football team was chosen by all of the conference coaches. As usual, each coach did not vote for his own players.

Halfback Ron Waltz of Bethalto was the only player to receive first-team designation both last year and this year. Highland End Craig Manwaring was on last year's second team, as was Cahokia's Charles Tieman. Tieman was listed as a halfback last year, and this year won as the signal caller.

End Mark Catlett of Cahokia, tackle Ed Ingram of Madison and guard Mike Crouthers of Roxana, winners this year, received honorable mention on the 1964 squad.

Coaches participating in the voting were: Mo Tschannen, Roxana; Pete Truran, Cahokia; Glen Pickering, Madison; Don Brubaker, Dupo; Ed Hartweiger, Bethalto; and Frank Prechal, Highland.

The All-Midwestern Conference second team was dominated by Cahokia and Highland with three griders each, and Madison with two players. Bethalto, Roxana and Dupo had one each on the second unit.

Only one player received unanimous backing from the coaches. Larry Edwards, center for the Cahokia Comanches, was that player.

The 205-pound senior was one of the reasons why Cahokia had the best overall defensive team in the area. He averaged 10 tackles per game at his mid-field guard spot.

Besides playing defense, the center was one of the stalwarts who opened holes for the fast Cahokia speedsters to break through. Edwards also played both ways on the 1964 edition of the Comanches.

**End Nearly Unanimous**  
The coaches had little trouble in selecting their all-conference ends. Mark Catlett of Cahokia and Craig Manwaring of Highland were just one point shy of being unanimous selections.

Manwaring won a spot on the all-conference basketball team last year, and the 6'8" junior turned in a consistent performance during the grid season this year.

Catching 31 passes for 495 yards, Manwaring scored every one of Highland's nine games. He scored nine touchdowns and on four extra point passes, good enough for 58 points.

The 205-pounder is an aggressive runner, tough to bring down. He has sure hands and is a bright spot in the Bulldogs' football future.

He received eight stars for the most tackles a game, recovered seven fumbles and set a new school record in blocking two punts.

He is described as a "hardnose player with quick reactions and good pursuit," and plays on both offense and defense.

Ed Ingram, the only Madison Trojan to gain a first-team all-conference berth, was selected for the other tackle spot.

The 240-pound lineman gives weight and impetus to the forward wall of the coaches' selection. Ingram was a standout on offense for the Trojans, as he cleared holes for the up-the-middle running of the Trojans' Paul Lusk, Alton Rendell and Ron Burt.

But his size and strength were of great help, especially on pass defense. Batting down several punts, and putting a hard rush on the passer, Ingram was one of the reasons why Madison led the Midwestern conference in pass defense throughout the 1965 campaign.

**Guard Selections**  
Pat Calhoun won one of the guard spots on the mythical team. A senior at Cahokia, he led the Comanches in paving the way for their speedy runners.

Described by coach Pete Truran as the "best pulling guard" Cahokia has produced since I've been here," the senior has shown good balance and agility in executing his assignments.

The other guard position was copied by Roxana's Mike Crouthers. Voted by his teammates as "the meanest man" on the Roxana squad, he played both ways this season and had more playing time than any other member of the Shell squad.

On offense, he was a pulling guard for the wing-T formation; on defense, he was a stout end at the left guard spot for Roxana. He is a 165-pound senior.

**Leading Scorer**  
Leading the pack of area scorers with 78 points, fullback Larry Overton of Cahokia picked up 913 yards in 105 carries for an 8.1 average this year.

Breaking all records at Cahokia for a fullback, he has better-than-average speed, and exceptional strength as a runner and blocker.

The 190-pounder is a B average student, ranking 46th of 416 students in his class. Besides playing the "monster back" position on defense and averaging eight tackles per game, he runs the 50-yard dash in football shoes in a time of 5:8 seconds.

**Tieman—Quarterback**  
The signal-caller of the coaches' choice is Charles Tieman, a teammate of Overton's. Tossing 38 completions in 71 tries, Tieman connected for 10 touchdowns and 750 yards this year.

Besides throwing TD passes, he scored seven touchdowns and kicked 18 extra points for the Comanches.

Beats Columbia in Opener

# Venice Coasts to 85-58 Win

Venice's Red Devils, looking somewhat like the MC Conference champions they are, handed Columbia an 85-58 basketball defeat last night on the Devils' home court.

Rich Essington, all-conference selection as a freshman and sophomore, scored 29 points as he led Venice to its first win of the season. It also was the team's first ball game.

At the end of the first quarter of play, Venice held a slim 15-15 lead, but stretched it to a 45-30 margin by halftime. During the third period of play, Venice had complete control of the game with a 27-point lead.

Essington scored all of his points in the first three quarters, sitting the fourth out to let other members of the squad play. Center Percy Dillon pumped in 17 points on eight field goals and one free throw as second highest scorer of the evening; he also did not play in the fourth quarter. Essington scored his 20 points on 12 field goals and five free throws, missing seven courtesy shots.

"Our boys did a good job. They played better than we thought they would," said Venice basketball coach Bill Ohlendorf.

In looking at the game statistics, Ohlendorf commented that he pulled the regulars at the start of the last quarter to let some of the younger players gain experience.

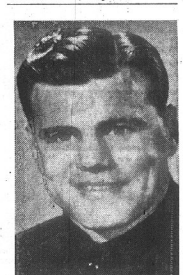

"We did not have much finesse in the first half, but the boys got better during the third quarter," Ohlendorf added.

The Red Devils now prepare to meet non-conference foe Valmeyer at Venice next Tuesday night.

## Lack of Size Makes Warriors Play 'Hurry Up to Slow Down'

Ralph Sackett, Granite City high school's new basketball coach, isn't mixed up when he says that his Warriors would "hurry up on defense so that they can slow down on offense."

In his first year at Granite City, Sackett has already decided upon a style of play for the 1966-67 cage season.

"Hurry up on defense means that we're going to press—full court press, all of the time," the new mentor said. "And by slowing down on offense," he continued, "we'll play controlled basketball and try to work the ball in for a good shot."

Sackett then ruled the fast break out of the Warriors' scoring threat for the season, but not completely. "If the situation suits us, we may use the fast break," he said. "The hurry-up-slow-down style of play is not new to basketball. Sackett is inclined toward it now because he has only five returning lettermen, and his team lacks height as well as depth."

## PRESS-RECORD SPORTS

### Area Hunters Shoot Deer on Missouri Turf

Local deer hunters had to wait until the last week of deer season to strike it rich and kill a deer.

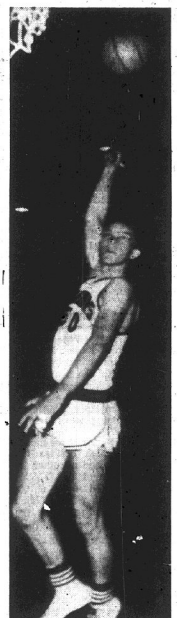

A 10-point buck, weighing 156 pounds, was shot by James Stuart, 910 Grand avenue, Madison, in Van Buren, Mo.

Emil Gerkin, 2203 St. Clair avenue, shot a six-point buck after hunting for four days in the Clark National Forest near Greenville, Mo. Gerkin, bagging his first deer of the year, was on the first week of a 10-week vacation.

Richard Oram, 2004 Wilson avenue, waited only three hours before shooting an 86-pound doe at the Shawnee National Forest near Golconda, Ill.

Jimmy McCart, 2560 Lynch avenue, who was with Oram, shot a small 60-pound buck three hours after Oram got his. He also shot his deer at the Shawnee National Forest.

Terry Young killed an 11-point buck that weighed 200 pounds field dressed in Texas County, Mo. He lives at 3145 Fehling road.

**TERRY MOORE**  
Center?

### Small in Size

"We're small, both in size and depth," he said. "Why, I've looked all over this school for some big kids, and the biggest I've found have already reported for basketball practice," he said.

The former Collinsville Kahok star went on to point out that a lack of size can definitely give the Warriors a disadvantage in conference play.

"Our kids don't have a whole lot of speed, but they seem to have good hands and better-than-average quickness," he said. "When asked to name a possible first team, Sackett replied, 'Our starting eight will be . . . well, it's like this. We've got eight boys to choose from, and to pick a starting five is hard, at this time.'"

**Moore at Center**  
Terry Moore, a 64 letterman and football player, will more than likely secure the center post for the Warriors, with backing from senior Forrest Swan (6-4).

Guard positions are up for grabs among three players. Sackett can start senior letterman Larry Ripka (5-11), junior Bob Malott (5-11) or junior Jim Stuart (5-11).

The same situation prevails at the forward position. Senior lettermen Bill O'Neill (6-1) and Elmer Wortham (6-1) along with junior Jim Hentzel (6-0) have a crack at the starting assignment.

But, with all of the problems concerning size, depth and speed, Sackett feels that his team is about ready for the season opener against Roxana next Tuesday night on the Warriors' new home floor.

"Are we ready? We'll have to be on Tuesday," Sackett said.

manches this year. The 165-pound senior has played three years of varsity ball, and this year was used as a safety on defense besides his quarterbacking chores.

Like Overton, he runs the 50-yard dash in 5.8 seconds, but without football shoes.

**All-Conference Halfbacks**

The third Cahokia player in the backfield is Don Gilmer, a 185-pound junior halfback. Scoring 60 points this year, Gilmer gained yards in 92 attempts and latched onto 10 passes for 219 yards. Linebacker and halfback on the defensive platoon Gilmer, a tenth of a second faster (5.7) than his coach Ed Hartweiger.

teammates in the 50-yard dash, has exceptional speed, plenty of strength and is brimming over with desire. According to Cahokia coach Pete Truran, Gilmer has a great future in store for him next season.

Bethalto's Ron Waltz broke up the Cahokia monopoly in the mythical all-conference backfield.

A repeat from last year on the team chosen by coaches, Waltz set a school record by scoring four touchdowns in one game and had a season total of 875 yards gained rushing and passing.

Averaging over 97 yards gained per game during his sophomore season, Waltz also played linebacker and halfback on the defensive platoon.

# Production Center for Handicapped to be Started in GC

A production center to employ handicapped persons is scheduled to open next spring in Granite City, according to Reed Zentner, associate director of specialized services at the Alton sheltered workshop for the handicapped.

The announcement was made Monday evening at the tenth anniversary meeting of the Granite City Association for Aid to Retarded Children, held at St. John United Church of Christ. About 25 members attended.

Zentner, who replaced workshop director Joseph Budde on the program when Budde became ill, told the group that plans are being completed for the center, which will be started with the assistance of six local business firms. He declined to name the firms at the present time.

He said the production center will employ area handicapped persons who previously have taken a 12-week training and evaluation course at the Alton workshop. Under qualified supervision, various repair jobs for industrial and business establishments will comprise the principal activities of the new center.

First of Four Centers  
The official pointed out that the local project will be the first of four similar centers to be started in surrounding communities. He listed East St. Louis, Belleville and Edwardsville as the cities where centers eventually will be located.

Zentner said some trainees at the production workshop later may be placed in industrial jobs or sent for additional training to a regular trade school. At the present time, he added, there are 14 Granite City residents enrolled in the Alton workshop program.

Reviewing the progress made by the association within the past ten years, Mrs. Evelyn Gavin, GCAARC president, cited numerous individuals, organizations and business firms that have provided assistance to the group since its inception.

She expressed appreciation to the Granite City park district, Phi Beta Epsilon sorority, Bowland, Hope Lutheran Church, St. John United Church of Christ, Press-Record, Macenas Society, YMCA, Granite City Kiwanis and the Granite City Optimist Club.

Mrs. Gavin said the 10-cent association is credited with sponsoring one of three Cub Scout programs in the nation. Other accomplishments include an annual summer day camp; bowling programs; Saturday church school at Hope Lutheran Church; a weekly activities center operated at St. John Church; swimming sessions at the "Y"; educational outings and Christmas and Easter parties.

Two of the principal projects of the association, she noted, were the purchase of a bus and granting of scholarships to train teachers of exceptional children.

Following a brief business session, there was a social hour, and refreshments were served.

# GC OKs Contract For 2 Drainage Lines, Bridge Job

Solution to two drainage problems areas and the widening of the St. Clair avenue bridge over the Namekichi drainage ditch will be undertaken immediately with award of a contract Monday night to A. H. Seebold Co.

The firm submitted a consolidated bid of \$10,945 for the three jobs. The drainage work will include projects on Smith street, which is off St. Clair and Wayne avenues, and on East Ponton road in front of the Namekichi Methodist Church.

Widening of the city's only bridge, which is along St. Clair avenue, is to include a sidewalk.

Two bids were received, with Seebold submitting individual figures for the three projects—\$2790 for Smith street, \$2512 for Ponton road and \$737 for the bridge, for a total of \$10,511. General Contracting Co., which did not submit a consolidated bid, submitted the following individual figures: \$345 for Smith street, \$3637 for Ponton road and \$723 for the bridge, for a total of \$11,075.

# Probation Given Father of Four

Percy J. Wilkinson Jr., 31, of 203 Ashbrook street, Veneta, father of four small children was granted three years probation Monday by Associate Judge A. H. Lewis in circuit court at Edwardsville on a charge of armed robbery charge.

Leniency was urged by the victim, his employer and a police officer. Wilkinson was charged with robbing the Park tavern, East 29th street and Park avenue, of \$207 last April 1. He also took \$6 to \$7 from a customer, Mr. Fredrick Kellih, 1931 Park avenue.

A second man also wanted for the crime is listed as a fugitive. He was identified as John Shaw, who was indicted with Wilkinson.

During the probation hearing it was pointed out that Wilkinson, who had served 13 years in the Marine Corps and Air Force, had not been in trouble before. His small children are from one to four years old. Testifying in his behalf were Leroy Laws, operator of the tavern, and George Tellor, Granite City chief of detectives.

# Two Youths Fined \$25

Donald Lones, 19, of 1928 Adams street, and Dennis Isham, 20, of 46 Cambridge drive, were fined \$25 plus \$5 costs Monday by Magistrate Hiscott on charges of illegal possession of liquor. They were among five youths arrested early Saturday in an auto. Lones is to work out his fine for six days.

# Misses Oros, McRaven Chosen for 'Who's Who'

Kathleen Oros, the reigning Miss Illinois from Granite City, and Carolyn Sue McRaven of Granite City are among 15 Eastern Illinois University students selected for "Who's Who among Students in American Universities and Colleges."

Miss Oros, who represented Illinois in the Miss America beauty pageant last summer at Atlantic City, N. J., is a junior majoring in speech and is the daughter of Mr. and Mrs. Paul J. Oros, 2841 Washington avenue.

Miss McRaven, a junior majoring in mathematics, is the daughter of Mr. and Mrs. Thomas McRaven, 2581 Iowa street.

# Youth Pleads Innocent

Larry Hodges, 18, of 2111 Alexander street, pleaded not guilty to a charge of contributing to the delinquency of a minor before Magistrate Hiscott Monday. Property bond was set at \$5000, but he was released later to the custody of his mother. He pleaded guilty to an intoxication charge and was fined \$25 and costs.

# Speeding Charge Filed

Lynn L. Crews, 1552 Johnson road, was arrested at 8:25 p.m. Monday on a charge of speeding at Johnson road and Washburn avenue. He was summoned for a hearing on Dec. 3.

### Cecil Morgan, 61, Steelworker, Dies

Cecil H. Morgan, 61, of 2030 Alexander street, a Granite City Steel Co. employee, died at 9 a.m. Tuesday at Alexian Brothers Hospital, St. Louis, where he had been a patient for one month. Ill for the same length of time, Mr. Morgan had undergone surgery three weeks ago. Death was at-

tributed to a blood clot in the lung.  
Born in Thebes, Ill., Mr. Morgan resided 15 years in Granite City and was employed as a crane operator in the Granite City Steel Co. cold strip department. He was a member of United Steelworkers of America, Local 30. Before coming to this community, he had lived in southern Illinois.  
Survivors include his wife, Mrs. LeNora Morgan; five daughters, Mrs. Michael (Shur-) on VanZant, Mrs. William (Betty)

Holloway, Misses Shirley and Ina Morgan, all of Granite City, and Mrs. Elbert (Pauline) Pierce, Pacific, Mo.; three sons, Bobby Morgan, Madison; James Morgan, Cahokia; and John Morgan, who is stationed in the Navy at Pensacola, Fla.; a brother, Henry Morgan, Bend road, Madison; two sisters, Mrs. Susie Jackson of Mounds, Ill., and Mrs. Millie Barger of Benton; and eight grandchildren.  
Funeral arrangements are given in today's obituary column.

### Brother of Local Man Buried at New Baden

Funeral services were held yesterday afternoon in New Baden, Ill., for Conrad Lindner, 67, of New Baden, a brother of Arthur Lindner, 2415 Jerden avenue.  
Mr. Conrad Lindner, who had been ailing for five years, died at 3:50 a.m. Sunday, at St. Joseph's Hospital, Highland, surviving are his wife, Muriel, and three daughters.

### Woman Tells Police Of Thwarting Holdup

Mrs. Marie Pais, 2204 Hodges avenue, reported Monday night that two young prowlers wearing Halloween masks tried to get her car keys but they escaped after she pulled a gun. She had gone out of her house to get some articles out of her car.  
Mrs. Pais, a widow who has reported previous problems with prowlers, said she held one of the youths temporarily, but that he got away and fell over a dog chain on her porch. The boys were about 16 or 17 years old, she said, adding that she made one of them remove his mask.  
She said that the boys were armed with a toy pistol, but that she had her gun in her purse which she carried. The boy who fell bruised or scratched his face, she told police. Officers are investigating the report.

### Venice Lions Honor School Baseball Team

Venice Lions club members were hosts at a dinner meeting held Monday evening at the Venice-Madison American Legion Home, honoring Venice high school fall baseball team, which was undefeated in the Madison, Clinton and Macoupin Counties Conference this year.  
Jim Miller, president, welcomed Coach Stanley Lynch and the 20 boys who attended.

Joe Hagl, program chairman, introduced Rick Current and Bob Farrell of the St. Louis Cardinals baseball club, who gave talks on the Cardinal "farm system" and the new stadium.  
Twenty-three Lions members were present, and their next meeting will be held Dec. 13 at the Elks club.

## Main Campus Students Not Lacking for Heat

There has been more than enough heat in the windowless classrooms of the new buildings at the Southern Illinois—Southwestern campus this fall, though the heating and air conditioning system is just going into operation.

Some of the classes used electric fans to provide ventilation. Mild weather, however, had eliminated the need for piped-in heat.

The complex heating and refrigeration system, originally scheduled for completion last summer, is now in a trial run, University Architect John Randall said.

Weather, planning, delivery and installation problems were some of the reason for delays, Randall added.

The high-temperature hot water system is gas fired and rated at 40 million BTUs per hour. The water is 400 degrees in the distribution system, Randall said, and is under pressure to keep it from changing to steam.

## Rev. Sims Announces Sermons for Advent

Rev. R. Paul Sims, minister of Nidderhous Memorial Methodist Church, will begin a series of Advent sermons Sunday. The Advent season is a time for personal preparation for Christmas and Rev. Sims' series will be based on the general theme, "Making Christmas Meaningful."

The first sermon will be "Our Christmas Preparations." Subsequent topics are to be "Our Christmas Desires"; "Our Christmas Reading"; "Our Christmas Worship"; and "Our Christmas Hope."

The anthems of the various churches, as well as the congregational hymns, will be selected for their Christmas themes. Warren G. Simpkins will direct the choir and the season will be climaxed with a Christmas cantata on the evening of Dec. 19.

## Penny-a-Pound Plane Rides Offered by CAP

The Horseshoe Lake Civil Air Patrol Squadron of Calhounville will offer penny-a-pound airplane rides from 10 a.m. to 5 p.m. Sunday at Lakeside airport, Highway 111.

If the weather is inclement, the event will be held the following Sunday. Fares will be determined by the weight of each person.

Rides will be over the area and to the Mississippi river for a close-range aerial view of the Gateway Arch. Proceeds will be used to organize a new cadet CAP squadron. Several Quad-Cityans are members of the sponsoring squadron.

## Parking Crackdown Brings 2 Appeals

The city's crackdown on double parking resulted Monday night in two appeals to the council by delivery firms seeking zones for loading and unloading in business areas.

Granite City council members referred the requests to the Police Committee and Police Chief with the citizens' Traffic Study Commission to be called upon for assistance if needed. Alderman Whitmer, chairman of the Police Committee, is a member of the commission.

The requests were by Wagner 7-Up Bottling Co. and Kacera Distributing Co. They pointed out the inconvenience to trucks in finding parking places and also the possible delays causing expensive overtime costs.

## Wallet Stolen from Purse

Dea Keel, 1718 Edison avenue, reported that a billfold containing \$308 was taken from her purse while she was sitting at the bar in a tavern and talking to another patron recently. A police report had said that she had left the wallet on the bar while going to the rest room.

## 21-Day Jail Sentence

Kenneth Rosenberger, 2128 Grand avenue, was sentenced to 21 days in the county jail Monday by Magistrate Hiscott on an intoxication charge filed Nov. 1.

# THE PASTOR SPEAKS

REV. PAUL R. SURBEY

St. John United Church of Christ

"Are there two standards of ethics in today's world, one for business and one for life generally?"

"Should the church maintain a position of moral neutrality in relation to business and its problems—for example, a strike situation?"

"When is the public interest paramount?"

These and many other similar questions were asked by small groups of laymen, engaged in six major occupations, who were invited to participate in a pioneer project of hammering out "on-the-job ethics."

Growing out of a concern lest their business activities become secular, bankers, building contractors, business executives, labor unionists, personnel managers and public relation consultants met weekly for six weeks in an attempt to relate biblical insights to the technical specialized problems of their respective fields of endeavor.

The findings, published in a small popular paperback entitled, "On the Job Ethics," have become the basis for other study groups within other occupational communities.

At the present time, our own Quad City area is groping for answers of the three questions.

listed at the beginning of this article. Functioning alone, which group has the solutions? Perhaps none!

Is it not high time to set up such occupational study groups in a serious effort to find Christian solutions to our blighting problems which vitally involve the welfare of the public?

In other communities, such study groups have reached the point of business and its problems.

Our problems can't be solved by lectures or sermons. They can only be gotten at by discussion.

2. A translation of terms is a necessity. Typical "church language" often is unintelligible to leaders of the business community. Likewise, much of the current business jargon must be translated to persons outside that particular occupational community.

3. Morality begins with perception. If a person clearly perceives the situation he is himself, he can engage in moral choices.

4. The word attributed to the martyr, Dietrich Bonhoeffer, "Christ died for the world, not the church," is now being taken seriously.

The ultimate future of our Quad-City area may depend upon the degree in which the churches recapture this last insight as well as the manner in which members of our industrial community work out their own "on-the-job ethics."

## TODAY'S INVESTOR

BY THOMAS E. ORAHO

Chairman, Board of Trustees

National Association of Investment Clubs

O. My broker keeps referring to something he calls "the Dow-Jones average" whenever I ask him whether stocks are up or down. Just what is Dow-Jones and how valid are his figures as a market index?

A. In the first place, Dow-Jones isn't a man; it's a company—the same company that publishes the Wall Street Journal and operates the financial news tickers you see in most brokers' offices.

The Dow-Jones averages (actually, there are four: one for industrial stocks, one for utilities, one for railroads and a composite figure combining all three fields) aim to give an indication of the ups and downs of the stock market, both on a daily basis and over a period of time. There are a number of statistical indicators, compiled by other financial services; but the Dow-Jones averages are the best known, probably because they are the oldest.

Dates Back to 1897

The first Dow-Jones average was set up in 1897. It was organized with 12 well-known stocks of that day.

Priest of the 12 were added and then, the total was divided by 12. This could then be compared to the previous averages to give a thumbnail indication of what the market had done.

In 1916, the number of stocks was raised to 20, the total was divided by 20 and there were still no complications.

Today, however, 65 stocks are included in the Dow-Jones averages. They have been divided into 30 industrial common stocks, 20 railroad common stocks and 15 public utility common stocks. These groups are averaged separately to give the Dow-Jones industrial, rail and utility averages.

Simple No Longer

In the process, the old-time simplicity has disappeared. Because of the enormous stock splits, it would no longer give an accurate picture if we added the prices of all 65 stocks and divided by 65.

One of the stocks, previously selling for 200, might have been split four times, at which time the new share would have an indicated value of 50—instead of the figure of 200 previously used.

This would subvert the value of the entire group. And a reported 150-point drop in the Dow-Jones industrial average might well bring on a panic in the street.

To make up for this, a divisor was established in 1928. Now, each time there is a stock split, the divisor is changed accordingly. As a result, the averages give a fair indication of what's going on in the markets.

Point Equals About 25 Cents

Incidentally, because of the stock splits and other factors, a one-point change in the Dow-Jones averages no longer denotes a change of one dollar per share in stock prices—as it does in other stock-market figures.

For instance, on a recent day the Dow-Jones industrial stood at 973.88 at the end of a day's trading—4.39 points higher than the day's opening. This meant that the average rise of about \$1 a share for the stocks involved—not \$4.39 a share, as it would have been.

The 30 industrial stocks used in compiling the Dow-Jones averages are, by and large, firms of high-quality, long-established companies. The price movements of this particular group don't always coincide with those of the stock market as a whole.

Again, it's just an indicator of what's going on in one important segment of the market.

Funeral Held Today For Edw. Ricketts, 69

Funeral services were held at 11 a.m. today for Edward Ricketts, 69, of Rural Route One, Collinsville, a retired Union Star & Refining Co. supervisor who died at 5 a.m. Monday in John Cochran Veterans' Hospital, St. Louis.

The funeral for three months. Death was attributed to pneumonia.

Mr. Ricketts was born in Vevey, Ind. Prior to moving to the Collinsville area six years ago, he had lived in Granite City for 29 years. He was a member of the Veterans of Foreign Wars, Venice.

He is survived by a close friend, Mrs. Mae Bangert of Collinsville.

Funeral services were conducted at a local funeral home and interment was at St. John's Cemetery.

It contained only four copies used for various purposes. The new form has five, the last of which shows the disposition of a State police district headquarters said if the tickets are faulty, they will have to be corrected in Springfield.

Urgent Need For Construction Of Venice Traffic Underpass

Again pleading lack of funds, the Illinois Highway Division is in the process of delaying still another badly-needed local improvement—this time the auto traffic underpass at the Broadway railroad crossing.

Further delay in constructing the Venice underpass is a serious matter. Aside from the inconvenience to motorists blocked by trains, many of them on their way to work, there is great financial loss. Commercial deliveries are slowed and business that otherwise could be attracted here is kept away by uncertainty over whether there will be unimpeded access.

There are few things quite as frustrating as long lines of vehicles able to go nowhere. Sometimes they extend past the Venice city hall and far onto the McKinley Bridge.

Such needless congestion can be ended by construction of grade separation facilities at the busy Broadway and Main street intersection. The project rates high priority on its own merits—and there is special urgency because of the time limit on the financing agreement worked out between railroad lines and the city, state and federal governments.

Thanksgiving Day—1621 And 1965

As Quad-Cityans await the 34th U. S. Thanksgiving day tomorrow, thoughts go back to 1621, when hunters seeking game settled for turkeys instead as the main dish for their meal commemorating a bountiful harvest.

When busy farmers of the mid-1960s think of the many problems they face, the various circumstances they wish were different, it may seem difficult or meaningless for them to pause and thank God for their blessings.

Yet the pilgrim families who gave thanks faced much more severe hardships and enjoyed few of the technological advances that make life more comfortable today. The lack of medical knowledge, hardened their lives and the lack of scientific and psychological information limited their understanding of the world around them.

There will be no point in history where mankind was able to do more than survive. Modern knowledge is deficient in countless ways. But the progress which has been made is significant because, for perhaps the first time, man is mastering nature's needs to the extent that he can give much thought to the meaning and quality of his existence. Rather than having to devote all his effort to his livelihood, he can spiritually enrich himself and his society with pursuits denied to his ancestors.

Quad-Cityans and others have much to be thankful for.

CONCERNED

NOT JUST CHEESECAKE

To the Editor: In reference to a letter in The Forum Nov. 4, the obscene literature in question was definitely obscene—far from the cheesecake type I'm sure she was referring to. She also would be agreed if she had been present at the high school for the Oct. 26 meeting.

GRANITE CITY MOTHER

CHILDREN OF STRIKERS ASSURED OF YULE GIFTS

To the Editor: Members of the WACO's Auxiliary of the OCAW Union, Local 7663, on Nov. 16 gathered at the gates of the Granite City Steel Co. to ask for donations for the purchase of toys, fruit and candy for the children who might not have had a Christmas this year.

We want to publicly thank all who have donated and are continuing to donate.

It was gratifying to see the response from the Granite City Steel men and women, along with other individuals who noticed us and made a special effort to greet us.

We wish to tell these people that plans are proceeding above our greatest expectations, and the children are promised a fine holiday celebration with thoughtful gifts and generosity.

Gratefully, Mrs. ANN SMITH Vice-president, WACO's Auxiliary of the OCAW Union, Local 7663

OPPOSES TRAFFIC PLANS

To the Editor: I don't know who the traffic engineer is that Don Partney appointed, but I disagree with removing some stop signs, using the blinkers and trying to change the flow of traffic into the downtown area instead of away from the downtown section.

I am just going to cite a few cases. He had the stop sign removed from 26th and Grand avenues, where the stop sign is definitely needed, especially when school lets out at three-thirty in the morning.

I ask him to stand on the corner of 26th and Grand. But I don't think he stands back far enough when these wild drivers zoom down Grand after school.

Putting the "blinkers" at 23rd and Madison was a "master" company reimbursed the loss.

thankful for in November 1965—if they but look beyond their immediate concerns and perceive the vast opportunities awaiting them.

Public Breathing Sigh Of Relief

Verdict In Long School Lawsuit

The lengthy and complex lawsuit decided last week by the Illinois Supreme Court ended happily for the school system at the standpoint of Granite City school officials and taxpayers, who otherwise might have had to pay several hundred thousand dollars to re-establish public ownership of the 35-acre Coolidge junior high school campus.

Although the school system was in obvious financial jeopardy as a result of the Madison county and appellate court rulings favoring an heir to the property, the case produced nothing that questioned the good faith of the 1953 school authorities and their late attorney. Nor was there any challenge of their judgment that the land was needed for school purposes; the busy 1957-58 student school in operation there now testifies to the need for such facilities.

Since interpretation of commas in a paragraph of the Illinois Civil Practice Act proved decisive in the supreme court justice's decision, the case is an excellent illustration of the importance of punctuation, sentence structure and grammar—subjects which it is a school system's responsibility to impart to youngsters.

Importance of effective communication and mastery of the English language could hardly be better demonstrated than by such a situation—a large mass of money hanging on a small punctuation mark. If schools keep this in mind, perhaps it will be less necessary in the future for courts to have to determine what was meant by their writing legislation and legal opinions.

Authentic All-Conference Football Teams Published By Press-Record

The Press-Record takes pride today in presenting another all-star high school football team of the Midwestern Conference. Similar selections for the Southwestern Conference will be announced next week.

For nearly a decade, this newspaper, through the cooperation of the coaches of the two conferences, has published names, pictures and biographical sketches of the outstanding Illinois Metropolitan area gridiron competitors. These are the only authentic all-conference teams in this region, because they are the only ones based on voting by the head coaches of all member schools.

The Press-Record is proud to be participating coaches—and the players whose athletic prowess and determination have been recognized with the highest honor bestowed by their school conferences.

Many Peaceful Contract Agreements

Contrast With Starch Plant Dispute

Despite the lengthy strike at the Union Star & Refining Co., Granite City and fact have been a large number of Quad-City area union contracts written amicably through the negotiating process.

Latest example is the three-year agreement between General Star and Starch and Starch Local 402. Others have included workers at Granite City Steel Co., Laclede Steel Co. and Dow Chemical Co.

Many people—in fact, the entire community—are suffering hardship as a result of the Union Star-Oil, Chemical and Atomic Workers dispute, now nearly five months old. If some formula could be devised to achieve a peaceful and prompt settlement, it would be a boon to the community.

Best pre-Christmas presents the local area has ever received.

DR. SIMS SAYS SAFEGUARD YOUR HEALTH

A PUBLIC SERVICE OF THE ILLINOIS STATE MEDICAL SOCIETY

MR. RAT—NIGHT VANDAL AND MOST FEARED PEST

House Rat, Gray Rat, Brown Rat, Norway Rat, etc. If you want the common rat is the most feared and hated pest in the United States today.

A carrier of such deadly diseases as bubonic plague, typhoid fever, leptospirosis, diphtheria, rabies, dysentery, food infections and rabies fever, the rat is responsible for more deaths than those resulting from the two world wars combined.

Since Mr. Rat is more willing to eat and gnaw anything—from shoes to aluminum—the damage he causes amounts to more than \$250,000,000 in the U. S. yearly.

Losses On Farms

The farmer is particularly affected by his destructive talents. By taking random bites from potatoes, apples, peaches, etc., the small, gray rat can contaminate the food, by gnawing holes in grain and corn cobs, by stealing hen eggs, by killing newborn baby chicks that he can eat, each rat causes a farmer over \$25 worth of damage.

A startling figure when you consider the large rat trash and junk piles, keep a rat out of the house, especially in the kitchen, and you will find it snags shut—then, leavely knock the bait, and since he can smell most poisons, it's easy for him to avoid them.

GC Bus Driver Robbed Of \$17 In St. Louis

A young man armed with a switchblade type knife robbed a GC bus driver of \$17 in St. Louis, a Bi-State bus driver, of \$17 as Gill stopped his bus at Lee avenue and Wabridge street, St. Louis, at 7:20 p.m.

Gill said the man, about 18 to 20 years old, announced "This is a stickup. Give me your money." The driver said he had been on the route only a half hour and gave him a \$1 bill from his shirt pocket.

The youth then demanded his wallet and change. He also asked for money for the bus. The driver, who was wearing a uniform, said he had no money on him.

Gill said the robber then fled. Gill and one of two passengers on the bus gave police a thorough description of the robber. The driver said "I'm lucky all he wanted was money." The bus and Madison was a "master" company reimbursed the loss.

## Traffic Tickets

In Use Here May

Be Illegal-Judge

Uniform traffic tickets in use in this area for moving violations may be illegal because of a technicality, according to a Mount Carroll, Ill., circuit judge.

Judge Edward J. Turnbaugh dismissed a reckless driving charge because he said the ticket did not meet the requirements of the state constitution.

The Illinois Uniform Traffic Ticket and Complaint, in use here, does not include the word "and" and the words "subscribed and sworn to on this date," which the judge said is required by the state constitution.

When informed of the opinion, Police Chief Raymond Willard pointed out that the tickets were not new tickets but were just made up.

He added that "We will continue to use the tickets unless informed differently by our own circuit court."

The uniform ticket is the third one in use here since before the new judicial code took effect, Chief Willard said. The last one in use before the affidavit,

## Campus Lawsuit Traced to Earlier Comment by Court

Why did attorneys conclude that Harold W. Kronsbein had good chance of establishing ownership rights to the Coolidge Junior high school campus following the Granite City school district's 1953 condemnation of his family's farm land?

Numerous aspects of the complex legal fight may have been factors in the decision leading to filing of the suit in 1960, but there is a widespread belief that a prior Illinois Supreme Court opinion on another property ownership suit loomed large.

The previous case, with some similarities, seemed to indicate that Kronsbein might be able to collect a judgment or settlement from the school system.

But the court took an opposite stand this time, reversing two lower courts in ruling last week in favor of the school district which now has established title to the land—subject to any future appeals.

### A Point Beside the Point

The reason for the change is summed up by the word "dictum," which is defined as a "judicial opinion on a point other than the precise issue involved in determining a case."

In other words, the earlier opinion said many things, but only the statement relating to the specific point then at issue was binding.

In the words of the newly-completed opinion, "The trial and appellate courts were persuaded to this view (favoring Kronsbein) by the language used by this court in *Albrecht vs. Hittle*, 248 Ill. 72, 87-88."

"The principal objection to the affidavit is that it did not state that process could be served upon the defendants."

"It stated that they were not residents of this State, and that the affiant (person swearing to an affidavit) was informed and certain places therein named, in other States. If a defendant is not a resident of this State it is not necessary to say that he cannot be served with process, and in this case the summons issued to the sheriff was returned not found as to the three defendants. The provision of the statute for stating that process cannot be served upon a defendant relates only to one who is concealed within the State or on due inquiry cannot be found."

The earlier verdict concluded.

Opinion—Not A Ruling

In *Albrecht vs. Hittle*, the court was concerned only with service by publication upon a nonresident, and what was said with respect to other matters was dictum.

"As applied to a situation in which a defendant 'on due inquiry cannot be found,' the omitted clause is redundant."

## 5 Zone Changes Sought in County

The Madison county zoning board of appeals will hold five on-site hearings in Nameoki and Chouteau townships on Dec. 10 on requests for zoning changes.

Charles Moutel, who previously was denied a request to place a beauty shop and apartment building in Nameoki township, is seeking a special use permit to build an apartment building in an R-3, one-family district at 1709 Union street. The hearing is set for 1 p.m.

A hearing will be at 1:55 p.m. on a petition of the Brockman Machine Co., owner of record, requesting to rezone the Boviand-James property from R-3 one-family district to a B-3 highway business district as it already contains a business.

Another hearing will be at 2:20 p.m. on the petition of Gerald Farris, owner, requesting a special use permit to erect a garage to store a tractor and a truck in an R-3 one family residence district on the east side of Maryville road about a quarter-mile south of Bypass 66 in Chouteau township.

A request for a special use permit for Edward Isbrecht, owner, to set a mobile home on a tract of land in an R-3 one family residence district in Nameoki township will be heard at 1:05 a.m.

A petition by Anton and Maria Tessari, owners, for a special use permit for a mobile home in an M-2 general manufacturing district in Nameoki township is to be heard at 1:30 p.m. The property is located on the west side of Old Alton road about 1½ miles southwest of Interstate 270.

## New Assignment for Cpl. Hinson in Vietnam

Marine Lance Cpl. E. J. Hinson, 19, son of Mr. and Mrs. Harold Mayfield, 2840 Fortune drive, serving in Vietnam since June, has been transferred from a rocket unit assignment to mortar duty.

His new address is 2130820, U.S.M.C., F Co., Weapons Platoon, 2nd Battalion, 9th Marines, P.O. San Francisco, Calif. 94601. A Granite City high school graduate, he enlisted for four years in the Marine Corps in October 1964 and has seen combat in Vietnam.

TRAVELING BY AIR? CALL HOLDBAY SERVICE, GL 2-3131

for it follows as a necessary consequence that process cannot be served upon such a defendant.

"Of the several situations in which the statute authorizes service by publication, the omitted clause has least relevance to that in which the defendant on due inquiry cannot be found."

"One who resides or has gone out of the state might nevertheless work within the state, or otherwise come regularly within the state so that personal service could be had."

"And as applied to one who is concealed within the state, the clause 'so that process cannot be served upon him' might reasonably be thought to describe the requisite quality of degree of concealment."

### Complete Reversal

Thus, the state court decisively shredded the whole structure of the reasoning on which the county and appellate judges had based their verdicts in 1963 and 1964.

Although more than 12 years passed between the condemnation proceedings and the Illinois Supreme Court verdict, the actual presentation to the high court consumed less than an hour in September. Each side also filed detailed briefs which were studied by the supreme court justices.

In the event the case was remanded to a lower court for a new trial, School Attorney Maurice Dailey would have attempted to broaden the case to include a full resume of all the issues involved. However, the appeal of the narrower issue—notification of heirs—was a decided exeat of the way the school district had hoped, with additional evidence or testimony unnecessary.

Net effect of last week's ruling is substantiation that sufficient notice was given to all heirs, including Kronsbein, and

that compensation deemed adequate by a jury was paid to Madison county, relieving the school district of any further financial responsibility.

It was up to the county treasurer and county school trustees to determine the recipients and, other than a settlement to a farm tenant, all of the judgment was placed in a lifetime trust for Kronsbein's mother, under terms of the will of her father, Henry Febling.

In addition to the 35 acres, the court litigation involved all improvements installed by the school system, including the 1975-student, 47-classroom school for seventh, eighth and ninth grade children.

The new court ruling describes the property, and the history of the suit leading up to the Illinois Supreme Court opinion, as follows:

**Right of Eminent Domain**  
"In 1953 the plaintiffs, township school trustees in Madison County, filed an eminent domain

petition to acquire just compensation for the property and entered upon the jury's award. Pursuant to the court's order, the amount of the award was paid to the county treasurer, and possession of the property was taken.

"A junior high school building was erected upon a part of the land taken, and the balance was improved with athletic facilities."

"On Nov. 10, 1960, Harold William Kronsbein, hereinafter defendant, filed a motion to vacate the judgment on the ground that no jurisdiction over him was ever acquired in the eminent domain proceeding, and that the judgment entered in that proceeding was void as to him. Three years later an order was entered setting aside the judgment of November 23, 1953, as to the defendant."

"On the plaintiffs' appeal the appellate court affirmed, (34 Ill. App. 2d 337.) and we allowed leave to appeal."

**Infiltration Big Problem Of Fighting in Vietnam**

As in the Korean war, the American soldier is having an unusually tough time of it in the current fighting in Vietnam because of constant infiltration by the enemy Viet Cong who cannot be distinguished from the Vietnamese ally. This was related to more than 50 members of the Granite City Rotary club at yesterday's noon meeting in the YMCA.

Details of the supply buildup, battle areas and other problems of the war in Vietnam were discussed at the meeting by Capt. Charles James, Bridgehampton, Long Island, and Capt. John Wilson, Denver, Colo., who recently returned from duty in Vietnam and are now stationed at Granite City Army Depot. Appearing with them was Col. Charles Schweizer, commanding officer of the depot, who arranged the program.

Capt. James of the quarter-masters corps told the meeting, which was confined to a question and answer session that there is a rapid buildup of supplies in South Vietnam and that port and docking facilities are a problem. When he left Vietnam only a little more than a week ago, he said, there were more than 100 boats waiting to be unloaded.

One Rotarian asked why American forces appeared to be losing more planes on the airfields than they are in the air, a question that brought up the matter of infiltration. Capt. Wilson pointed out that the North and South Vietnamese have the same racial characteristics, like the North and South Koreans, and that a Viet Cong, dressed as a Vietnamese workman, can appear on an airfield, plant a bomb and be gone before it explodes.

**Hampers Attacks**  
Col. Schweizer pointed out that this hampers plans for major drives or attacks. By the time preparations for an attack are completed, he said, the word has gone to the civilian population, much of which is in sympathy with the Viet Cong, and the en-

### MORE ABOUT

#### GC Council

by providing more frequent service with all buses running on one street.

He said the same type routing is being carried out in other communities and working satisfactorily. "The central street would draw riders from both sides," he explained.

#### New Mitchell Routing

Krupp was called upon to explain the new Mitchell-Alton route. Buses coming from Alton would use Route 111, Chain of Rocks road, Route 203, Nameoki road, Madison avenue to 18th street, over to Edison avenue and then north to 20th street and east on 20th street to Edwards-ville road. The route then would go south through Madison on McCandless avenue into East St. Louis and on to St. Louis.

He added that timetables for the new Mitchell route are available from bus drivers.

Following the Bi-State Transit man into the council griddle was Traffic Engineer Crawford, who had been referred to by Boyd as "that perplexed engineer from Springfield."

Crawford explained the new system was designed to balance the traffic flow. "The city now has three northbound one-way streets and only one south."

His proposal for reversing Benton street, he explained, is to provide an easy flow of traffic in morning rush hours.

#### Proposed Plan

Under the proposed plan, Benton would be reversed to southbound one-way from 27th to 20th street; Cleveland would be reversed to one-way northbound

from 20th to 27th street; Delmar would remain two-way; Edison would stay one-way northbound but would extend from 18th to 27th street; State street would remain two-way and Grand would be reversed to one-way southbound from 27th street to 18th street.

Engineer Crawford said the system was designed to fit the needs of the community. He added that two-way travel on Delmar and on State would provide a proper traffic pattern for the system.

Criticizing the plan, Alderman Whitmer urged alternate direction one-way streets from Adams to Grand, saying the bulk of traffic would end up on Delmar and State if they were permitted to remain two-way.

Boyd said he and Third Ward Alderman Poulos made a house-to-house survey on Benton and Cleveland in their ward and found overwhelming opposition to the proposed one-way changes.

"We found 127 persons opposed, 10 for, seven undecided, 37 not at home and nine said they would go along with whatever their alderman decided," Boyd told the engineer and council. "We can't go along with any changes," he added.

Mayor Parney called upon Crawford to prepare a map, with copies for each alderman, to show all traffic changes being planned. "We need to see the overall program rather than get it piecemeal," he remarked.

Aldermen of the ward involved are tentatively to meet at 8 p.m. next Monday with the traffic engineer to give further study to the proposed plan. Members of the citizens' Traffic Study Commission also may attend.

## Area Cities' Aid is Sought For SIU-SW Medical School

Mayor and city managers in southern Illinois have been asked in letters sent out by Mayor Donald Parney of Granite City to establish five-man committees to aid in locating a medical school at the southwestern campus of Southern Illinois University.

Such committees should be made up of prominent local citizens, Mayor Parney suggested. They would participate in a plan of action toward locating the medical school at the new campus under a detailed program which Mayor Parney said will be announced at a later date.

## WINTER WHITE

by Sue Brett

A must for THE Season... Frosty white creations by Sue Brett, setting a merry young pace through the festive holiday whirl! Heavenly as the first snow... essential under the mistletoe... and just as exciting as Christmas Eve!

Three ways to have a happy A. Popcorn knit, for a new dimension in texture, is swirled into a blouson top, banded in satin, above a slim skirt, \$20. B. Tiny satin buttons tumble gaily down the popcorn knit front of this satin-trimmed two-part dress, \$23. (The textured weave is a fully lined cotton blend.) C. Bonded wool fashions an easily elegant sheath, criss-crossed with welt seaming, topped by a detachable smoke ring, \$18. All in junior sizes 7 to 15... in winter white from Sue Brett.

CHARGE IT... up to 6 months to pay!

## Headstart Application Now Being Studied

County School Supt. Wilbur R.  
L. Trimpe said today that a pre-  
liminary application requesting  
\$22,623 federal funds for the 1966  
Project Head Start pre-school  
training program was submitted  
to the Office of Economic Oppor-  
tunity in Chicago, prior to last  
week's deadline. Being sought  
are \$174,748 to expand the 1966  
program and \$49,875 to help chil-  
dren enrolled in Head Start last  
summer.

At an executive board meeting  
the county EOC in Edwards-  
ville Monday night, James Bai-  
ley, president, said he would ap-  
point a seven-member committee  
to review the Head Start applica-  
tion and present it for final ap-  
proval to the commission.

According to EOC regulations,  
requests for all federal and fed-  
eral funds must now be submitted  
through a single regulatory com-  
mission.

The commission authorized the  
personnel committee to seek a  
director and two assistants. Sug-  
gested salary ranged from \$9000  
to \$12,000 per year.

Two Persons Hurt  
In Auto Accidents  
Lloyd Parrin, 22, of 1332 Rock  
road, was treated at St. Eliza-  
beth Hospital Monday for a cut  
above his right eyebrow, suf-  
fered when his auto struck the  
rear of another driven by Dan  
Osburn, East St. Louis, during  
the fog on Bend road three-tenths  
of a mile east of the highway.

Mrs. Geneva Gladden, 41, of  
2323 Adams street, complained of  
pains after a car driven by her  
husband, Andrew J. Gladden,  
was involved in an accident, the  
other car was driven by Leon  
G. Scroggins, 2415 Pontoon road,  
at 12:55 a.m. Tuesday on Fehling  
road near the American National  
Bank. Gladden said he  
stopped at a drive-up mail box.

Work May Start Soon  
On Mitchell Metromart  
Construction on the new \$1½  
million Metromart shopping cen-  
ter on Byrnes 66 west of High-  
way 111 is expected to start with-  
in 60 days, according to the J. C.  
Mueller Investment Co., St.  
Louis, developers.

An engineering report on drain-  
age problems on the I-64 tract is  
being awaited, the firm said,  
and final drawings are being  
completed. Test borings in the  
area have been completed.

The structure is to contain 120-  
000 square feet of space to pro-  
vide for a complete department  
store with a satellite food mar-  
ket, automotive services, cafe-  
teria, offices and service shops.  
A parking area will provide for  
about 200 autos.

## MORE ABOUT Stamps

wanton slaying in Madison of  
Lorinda Oliver, 31, of 2314 Grand  
avenue.

In a statement to Madison pol-  
ice, Stamps admitted shooting  
Oliver in the face as Oliver, who  
had offered to drive Stamps and  
two companions home after  
drinking in a Madison tavern,  
drove his car across the inter-  
section of Fourth street and Mad-  
ison avenue about 4:15 a.m. on  
Nov. 3, 1960.

In his statement, Stamps said:  
"I do not know why I shot Lor-  
inda Oliver. I had no argument  
with him. He did not try to at-  
tack me and I had no inten-  
tions of robbing him. I did not  
know why I shot him. I just  
took out the gun, placed it in  
his face and shot him."

Numerous Arrests  
The shooting climaxed a long  
career of over a dozen arrests  
and one former prison term on a  
burglary charge. His first arrest  
dates back to June 1955, when he  
was 15 years old.

His arrests included the bur-  
glary count for which he drew a  
one-year sentence and got a pa-  
role in July 1958 and discharge in  
1959. He was committed to Alton  
State Hospital a month later.

Other arrests were for assault  
and battery, robbery, carrying a  
concealed weapon and possession  
of burglary tools.

TV Aerial, Tricycle,  
Money, Wallet Stolen  
A television aerial valued at  
\$25 and a green and white tri-  
cycle were stolen from the front  
porch of the home of Phyllis Car-  
terson, 1323 Benton street, at  
2:15 a.m. today, she reported.

Macrella Duffin, 1124 Douglas  
street, Venice, reported Monday  
that while she was making a  
purchase at Hudson's Jewelry  
store, 19th and State streets, a  
\$10 bill she had placed on the  
counter was brushed away and  
stolen by two persons described to  
be 25 to 30 years old.

Theft of a wallet containing \$3  
to \$4 from her purse which was  
kept behind a counter was re-  
ported to Venice police last night  
by Bernita Pace of the Pace Har-  
ware Store, Second street and  
Broadway, Venice.

## Traveler Tells of Fog, Sand, Typhoon, Illness

Fog and sandstorms in Egypt,  
a typhoon during a Formosa-  
land, Hong Kong flight and ten-day  
hospitalization in Bangkok, Thai-  
land, were among the experi-  
ences related Monday night by for-  
mer Madison Postmaster Harry  
K. Johnson in addressing 45 fel-  
low members of Travelers  
Abroad, meeting at Prather  
school.

Mrs. Judy Hilkroth modeled a  
Japanese Kimono, Mrs. Chm  
Patel an Indian sari and Mrs.  
Johnson a Hong Kong brocade.  
Souvenirs shown from the John-  
son's latest world tour included  
aboriginal warrior costumes, can-  
dleshielders, 1 a m p s, decanters,  
scarves and a camel saddle.

Johnson described conditions in  
Hong Kong and told of the Japa-  
nese theater, numerous legisla-  
tive resignations and heavy rain  
in Japan following a drought that  
had prompted the water commis-  
sioner to resign. American fight-  
ing men were met during an un-  
scheduled stop in Saigon, Viet-  
nam, he said.

The group planned a Christmas  
dinner for Dec. 12.

## Park Board to Buy Ice-Making Machines

Granite City park district com-  
missioners voted last night to ex-  
ercise an option and purchase  
three ice-making machines.

The machine was leased from  
the Pepsi Cola Co. last summer,  
with an option to buy, for use in  
park concession stands, at a to-  
tal cost of \$4385. A total of \$2686  
remains due. Harold Brown  
explained the district could have  
an annual interest rate of six  
percent for three years with the  
purchase.

The superintendent said he  
plans to participate in a panel on  
parks and recreation at Southern  
Illinois University, Carbondale,  
on Dec. 6 for graduate students  
earning master's degrees.

A lengthy discussion was held  
on the proposed ice skating rink  
and a bond issue referendum set  
for Dec. 18.

## Stolen Auto Stripped

A 1951 gold-painted auto stolen  
from Bruce Dennis, 807 Bayard  
avenue, from his home Saturday  
was recovered Monday afternoon  
by the owner north of the Chain  
Rocks canal bridge. It was  
stripped of four wheels.

## Chain Reaction Crash

Cars driven by Carl Cozair of  
East St. Louis, Charles Hickman  
of Madison and Fred King of  
2419 State street were dam-  
aged in a chain reaction accident  
at Main and Bremen street in  
Venice at 8 a.m. Tuesday.

A squabble over annexations nearly resulted in chairmanship resignations by an alderman during Monday night's Granite City council session.

The dispute was between Rutledge, who is chairman of the Planning and Zoning committee, and Moerlen, a member of the committee, who said he had no advance knowledge of the committee's recommendation presented by Rutledge during a committee report.

The annexation of four individual dwellings in the Dream Villa area was first proposed last week and referred to the City Plan Commission for recommendation. It was after Rutledge and Moerlen tangled over committee procedure, that it was brought out the commission had no control over the annexation requests.

**Deferral Action Withdrawn**  
However, Moerlen had called for deferral of action on the preparation of an annexation ordinance. Later, he and Robertson, who had seconded the deferral, withdrew their requests after speeches by Mayor Partney and Sternberg relating to good government.

In was during the debate between Moerlen and Rutledge that Rutledge threatened to re-

sign his committee chairmanships, including the Finance committee. He remarked that it was difficult to get committee approval since the members would not respond to calls for meetings.

"Do you want us to adjourn the council meeting for the committee to meet and then reconvene the council?" he asked Moerlen.

**Moerlen's Contentions**  
Moerlen said he questioned the availability of sewer lines in the area, and also repeated his contention that a committee chairman should follow proper procedure and at least confer with committee members before submitting a recommendation and making a motion.

Rutledge replied the recommendation from the City Plan Commission was handed to him after the council meeting had started. He added that no sewer problems had been found and that a trunk line runs behind the houses.

**Partney Speaks Out**  
Mayor Partney urged the council to forget its personal differences. "We can't get anything done this way," he remarked, referring to the deferral action. "I can't see any reason for the

delay." Sternberg took the floor and added, "We've got a new administration, but we get busy and forget and then give the people bad government. I'd like to see us proceed with this and for the deferral action to be withdrawn."

Amid protests, by aldermen who said it couldn't legally be done, Moerlen withdrew his deferral motion and Robertson his second.

City Atty. Allen then was advised to proceed with the legal procedures, including notification to the Long Lake fire district of withdrawal of the area from its jurisdiction.

The requests for annexation had been presented to the city by Mr. and Mrs. Bobby Cunningham, 3232 Edgewood drive; Mr. and Mrs. David Bergfeld, 3256 Edgewood; Mr. and Mrs. William Duckworth, 3264 Edgewood; and Mr. and Mrs. Stanley Rutkowski of Willow avenue.

**No Action on 117 Acres**  
Again no action was taken on the annexation of 117 acres for development by Arthur McFarland and associates. The tract is south of East Ponton road and east of Holiday Gardens subdivision. Alderman Thompson said he and Alderman Johnson are to

## Stallings School Moves 64 Pupils Into New Units

Two classes of Stallings school pupils, 30 of them in kindergarten class and 34 in the fifth grade, have been transferred from the Stallings school building to the new portable school class rooms recently purchased by the Granite City school board.

Edward Biznek said the additional facilities will relieve some of the overcrowded condition at the school, but still will leave a capacity attendance. The building will handle a maximum of about 350 pupils, Biznek said. School rosters showed 420 pupils meet with the developers this week to go over the detailed platting of the 117 acres.

In the school as of Nov. 1, including kindergarten pupils. The new units, Biznek said, are completely modern individual units that can be moved like a trailer. Each unit has facilities for 30 pupils, is equipped with gas heat, fluorescent lighting, air conditioning and has its own plumbing facilities.

Biznek said enrollment at Stallings school has been increasing steadily due to the increasing number of new subdivisions in the area, and that use of only two of the units is expected to provide only temporary relief from overcrowding in the main building.

**WE'VE FINALLY CAUGHT UP!  
AND YOU CAN BENEFIT!**

YOU CAN BENEFIT because NOW you can move into one of Gran-  
ite City's finest developments IMMEDIATELY. This has not always  
been so. Sales have been playing "catch-up" with production since  
we opened. Because of a fantastic sales popularity, our production  
hands were filled with the work of delivering these beautiful homes on  
schedule. We had to wistfully disappoint those who wanted to move  
right in. But no more! We've expanded production to give you the  
thrill of taking immediate possession of a home that would cost you  
much more to buy elsewhere. So, if you want a brand new home  
NOW... if you need a brand new home NOW, we're nearing com-  
pletion on 10 to 12 models soon. We also build to specifications, finan-  
cing obtained... our competition may knock us, but can they compare  
with us on quality and price? We doubt it.

EXAMPLE: 3 bedroom, 1 1/2 bath, plastered walls and garage, large  
living room, kitchen complete built-ins, dining area, full basement, at-  
tached garage, fully brick veneer, fully insulated, large Bryant gas fur-  
nace --- \$17,900.

### "ENTER INTO HIS GATES WITH THANKSGIVING"

SO SANG DAVID IN PSALMS (Ps. 100:4)

Like the pilgrim fathers before, all have the daily privilege and duty to give thanks to Almighty God and in this autumnal season we are well asked by Presidential proclamation to observe a special day "that all Americans... to pause and be grateful for the good we have had, the good we now have, and the good we are sure to have as we individually and as a nation are 'one nation indivisible under God with liberty and justice for all.' May 'you all' enjoy Thanksgiving Day — very much a part of the American way of life.

TR 7437

### AIRMAN OF MONTH

Mrs. A. N. Dunn, 1928 Sixth street, East Madison, has just received word that her son, Airman first-class Paul Dunn, has been chosen as "Airmen of the Month." He is stationed at Offutt Air Force Base in Nebraska.

Airman Dunn was stationed in England for four years prior to returning to Madison, where he spent July visiting his mother and relatives prior to going to Offutt.

Mrs. Mary Rardin, Mr. and Mrs. Charles Achor Jr. and Mrs. Fay Briggs have been advised that their grandson and nephew, Bob Stanton, now "doubles in brass and everything else with the Fort Worth, Tex. Symphony and the Dallas Musicals."

A Dallas newspaper is tributing to his versatility by saying: "Bob Stanton, woodwind player for the Dallas Musicals, has doubled on more instruments in his seven years with the pit orchestra than anyone else in its history, playing soprano saxophone, tenor sax, baritone, euphonium, clarinet, B-flat clarinet, bass clarinet, piccolo, flute, alto flute, oboe, English horn and tuba."

His parents are Mr. and Mrs. Robert R. Stanton, 5613 Albia terrace, Jennings, Mo.

The Girls Auxiliary of First Baptist Church is meeting with Mrs. Roy Shank, leader, each Tuesday at the church.

The nine and ten-year-old girls have elected for the year: Dolores Pralier, president; Mickey Hale, vice-president; Peggy Stagner, secretary; Kathy Leisner, assistant secretary; Sherrel Knudsen, treasurer; and Miss Judy Trindle, assistant prayer chairman; and Trudy Trindle, music chairman.

**BRIDAL SHOWER FOR MISS MARY ROBERTS**  
Miss Mary Roberts was honored with a personal wedding shower Sunday afternoon, given in the home of Miss Diane Varian, 1228 Iowa street, in presence of Miss Vartan, who is to be the maid of honor for the wedding, and Miss Gaby Coyle, Mrs. Norman Stawar and Mrs. Fields.

Miss Coyle and Mrs. Stawar are to be bridesmaids and Mrs. Fields is the mother of the prospective groom.

Miss Roberts was surprised as she arrived at the home, finding the groom awaiting her. The home was decorated in red and white, the colors to be used in the gowns.

A bride doll centered the gift table, which was decorated in red and white. Large white bells were used throughout. The cake which centered the refreshment table was adorned with red bells. White miniature baskets filled with red candles were at each place setting as favors.

Games were played, with prizes being awarded. Those present included: Miss Diana Youngs, Miss Janet Buske, Mrs. Olga Varian, Miss Mary Jane Bladdick, Mrs. Bernice Dunning and Mrs. Lucille Podnar, mother of the honoree.

The wedding of Miss Roberts and Randy Fields will take place Dec. 4.

**2 Strikes Settled — But Starch Co. Strike Continues**  
The area's strike picture was clearing in two places today, but the long-battled issues of the Union Starch & Refining Co. contract dispute remained in a stalemate. No definite arrangements for further negotiation sessions in the starch plant strike had been made this morning, although there were reports of a "possible" meeting Friday or Monday.

While the starch company strike went since its 14th day, settlement of the Union Electric Co. strike of 1200 members of Operating Engineers Local 146, and a tentative agreement in the McDonnell Aircraft Co. walkout of 17,000 IAM machinists were announced. The craft company agreement was to be presented to union members for ratification this afternoon.

Union Electric employees voted Tuesday night to accept a two-year contract providing an eight percent pay raise and other benefits. The method of filling jobs at the power company's new plant at Alton Lake, scheduled for completion next year, was resolved by an agreement that half of the jobs would be based on seniority and the other half on qualifications alone. The power strike involved 300 workers at the Venice steam plant.

The McDonnell Aircraft agreement reportedly was based on the precise drafting of about 70 job classifications.

**Local Divers**  
parently was swept under a barge downstream.

After an initial fruitless search, Thomas, Mazza, B. H. West, Charles Meyers, Bob Haley, Carl Collard and Paul Laws, St. Louis divers, resumed the search Saturday morning. When Mazza, a 24-year-old aeronautical engineer failed to surface at 4:30 p.m. that day, Granite City and Cahokia divers joined the St. Louisans at the scene. Considered a good diver, he had been with the team only one day.

He was last seen when Meyers passed him on a safety line in about 80 feet of water. Meyers was on his way to the surface to change his scuba (self-contained underwater breathing apparatus) tank.

When other divers on the safety line rose to the surface, it was found Mazza was missing. Thomas immediately re-checked the line but without success.

Local divers searched the area until well after dark and then returned at 8 a.m. Sunday. Griffin, Glen Wright, Don Ballard and Bob Young of the Bubblemasters participated, with Earl Gates as boatman and Homer supplying the divers with air throughout the day from club's compressor.

The Gateway Arch riverfront area was the scene throughout the day of many divers donning their equipment. St. Louis police and firemen and the Missouri Emergency Corps assisted and hundreds of spectators were attracted, over 200 still being on hand as the divers departed at 5:30 p.m.

Bill Dover, St. Louis Scuba Association president, acted as captain of the teams. Gene Phelps, captain of the St. Louis Underwater Recovery team, joined his fellow divers after returning from out-of-town. Cahokia divers taking part were R. C. Bell, captain, Leroy McWhorter, director, and Sidney Horn, Mescal White, Dave Norton, Logan Roark, Robert Smith and Ray Compton, with Walt McCauley as safety man.

The search came to an end Monday afternoon when the diver was found off the foot of Market street, on the bottom of the murky river.

The Southern Illinois University Engineering Club was chartered recently as the state's second student chapter of the Illinois Society of Professional Engineers. The other is at the University of Illinois.

Chartering ceremony was conducted during a regular meeting of the Egyptian Chapter of the ISPE, which was instrumental in gaining a charter for the student club. The meeting was held in the University Center at Carbondale.

## County Building, Zoning Fee Hikes To be Restudied

Another attempt to secure approval of the Madison county board of supervisors for a revised schedule of fees for zoning hearings and building permits probably will be made by the board's zoning and building committee, it was reported this week.

A first attempt to approve such a schedule was defeated by a technical one-third of a vote—actually one vote—in last week's county board meeting. Two thirds of the 44 members present, or 30 votes, was required to approve the revised schedule. The vote was 29 to 15 in favor of passage.

Zoning and Building Administrator Jack Clifford said that the zoning committee has been considering resubmitting the proposition to the board after revision of some of the factors to which the board objected. Several members voiced opposition to increasing the base fee for the average home or construction job.

The committee is recommending higher fees to cover mounting inspection costs.

## Cooperative Plan For Playground

City council members are working with A. P. Steinhilber, works manager of American Steel Foundries, for development of a two-block area of the plant property at Cedar and Chestnut streets as a playground.

Details on liability for mishaps is to be worked out as well as securing volunteer groups to develop the site for ball diamonds and a soccer field.

The proposed new playground is to replace the one on the city-owned block at Cedar and St. Louis streets. A portion of the block is to be needed for the Great River Road right-of-way. A baseball backstop has been taken down and is being stored at the police firing range.

## SIU-SW Students May Tax Red Cross Ability

The Red Cross has announced that it will be unable to handle all the blood donors expected at the Southern Illinois University-Southwestern Campus who want to give blood for U. S. troops in Vietnam.

Dick Chadwick, vice-chairman of the committee for improvement of international relations which is sponsoring the drive, said "We could get 1000 to 1500 donors but the Red Cross cannot handle more than 150 pints

per day because of personnel shortages."

Chadwick said student pledges have reached 350 to 400 so far. Students may donate blood from 10 a.m. to 3 p.m. on Dec. 7 at the East St. Louis center, Dec. 9 at the Alton center gym and Dec. 10 in the Lovejoy library on the main campus.

Persons under 21 and unmarried must have parental consent forms which are available at the health service offices.

## Final Exam Week Set Dec. 13-18 At SIU-SW Campus

Final examinations for the fall quarter at the Southern Illinois University-Southwestern campus will be held Dec. 13-18, Paul E. Kunkel, scheduling officer, announced.

Classes meeting at 4 p.m. or later and classes meeting on Saturdays will remain in session during final exam week. All other classes will not meet.

## Christmas Gift Wrapping Show Set Dec. 6 at GCHS

The 18th annual Christmas gift wrapping and decorating show will be held at 7:30 p.m. Dec. 6 at the Granite City high school auditorium under the direction of Eugene Alassi, arts department director.

The public is invited to attend. There is no admission charge. Alassi urged early attendance for good seats and to browse around.

Instruction booklets on gift wrapping and decorations will be distributed, also free.

One hundred holiday center pieces will be given to the audience. The performance will be staged by students of the advanced art education class along with Alassi.

GO TO CHURCH SUNDAY

HOLIDAY DECORATIONS made by art students at Granite City high school which will be featured at the 18th annual Christmas gift wrapping and decorating show Dec. 6 in the school auditorium. Setting up the display are, from left—Vicki Duncan, Robert Hill and Eugene L. Alassi, supervisor of art education.

## Outstanding Personalities

## Venetian Yearbook Given 1st Place Honors for '65

By JUDY REIDELBERGER

The 1965 Venetian, the yearbook of Venice high school, has been awarded first-place honors by the Columbia Scholastic Press Association in its 21st annual contest conducted at Columbia University, New York City.

Out of a possible score of 1000 points, the Venetian received 919. According to the rating scale, 850 points were necessary to earn a first place.

Earlier in the fall, the same yearbook received an "A" grade from the National School Yearbook Association.

Editors of the award-winning book were Kathy Ochoa and Judy

Reidelberger with Mrs. Barbara Williams as faculty sponsor.

Selected as most athletic were Mary Jane Gray and Richard Essington; most school spirit, Terry Cooper and Barbara Kutz; all-around personalities, Bernice Koehler and Phillip Ochoa; and most likely to succeed, Judy Reidelberger, Jerry Devaney and Donald Day.

Mary Jane Gray captured the "most athletic" honor for the second straight year, while Terry Cooper, who last year won "most likely to succeed" honors, is again a personality but with a different title.

The top vote-getter for the girls was Judy Reidelberger, who out-distanced her nearest rival by 156 points, while Richard Essington had a 91-point lead over his competitor.

DAR Award Nominees

Nominated by seniors for the Daughters of American Revolution award were Barbara Munkin, Bernice Koehler and Judy Reidelberger. The faculty will select one of the three.

The Pop Club sponsored a rally and parade on Friday. The parade started in Venice and wound through the Quad-City area, winding up in the new gym where the cheerleaders did a few of the new cheers they learned at camp this summer. Coach Bill Ohlendorf announced his starting basketball lineup.

The concert band played for the first game of the basketball season. Some of the numbers were "Junior Jump," "The Crusaders," and "High School Cadets."

TROPHY WINNER is Pamela Townzen, 11, daughter of Mr. and Mrs. Ivio Townzen, 3844 Lake drive, Pontoon Beach, who was a third place winner in a figure skating meet at Belleville during the weekend. She is a sixth grader at Stallings school.

## Salvation Army Prepares 'Tree of Lights'

The Salvation Army's "Tree of Lights" campaign will get under way at a public kickoff luncheon, 4, in the Y.M.C.A., it was announced today by Roy Lynn, kickoff committee chairman. Donations from organizations and individuals to the annual fund-raising drive finances the Salvation Army's Christmas basket program to aid needy Quad-City families.

Arrangements for the first annual special luncheon and program are presently incomplete, Lynn reports. However, he said, current plans call for the guests to assemble following the program at Memorial Park, opposite St. Elizabeth Hospital, where at approximately 1:45 p.m., a brief five-minute ceremony will mark the lighting of the first "Tree of Lights" bulb.

With the substantial increase in basket applications received by the Salvation Army to date, numbering more than 400, it is hoped this year's contributions will exceed the 1964 figure of \$5000. Announcement of the goal is expected to be made at the kickoff luncheon, Lynn said. Last year, the Salvation Army provided food baskets for 384 needy Quad-City families, comprising a total of 1957 persons.

Applications increase  
Lt. Ronald Gorton, local SA commanding officer, said today that within a six-hour period

Monday, a total of 46 applications were processed. He added that several families involved in the Union Starch & Refining Co. strike and local residents employed at McDonnell Aircraft Corp. are among the applicants adding to this year's record-breaking number.

Applications for gift baskets fair will be financed on an individual donation basis.

## 66 Youths to Take Pre-Draft Physicals

A group of 66 Quad-City youths is scheduled to report Friday to the county selective service office at Edwardsville for pre-draft physical examinations. The area's largest group of draftees in recent years—41 young men—was inducted last week. The local area's draft quota for December is for three youths to go into the armed forces on Dec. 10, and 145 are to

## Three Radar Arrests

Three drivers were arrested Monday as police operated a radar unit. Issued arrest tickets were Russell E. Jones, 2120 East

24th street, and William Kelly, St. Louis, at 1300 Edwardsville road, and Brenda A. York, 1829 Joy avenue, at 2800 Madison avenue. They were summoned for hearings by Dec. 8.

## Mayor Partney Calls Upon Residents to Make Choice

"The choice is yours," Mayor Partney this week advised Granite City residents in making another appeal for beautification of the municipality.

"Here and now you can lay the groundwork for the future. The childhood of Granite City is past, and now it is time that the firm character of the city takes form. Our city, now nearly 70 years old, has been impelled toward tremendous growth, but now, as it continues to change, you have a choice of the kind of a city you want Granite City to be.

"It is up to you—the individual citizen—to think, feel and believe in the future of your city."

"You know that Granite City is a far more pleasant place in which to live and work than many cities. But you also know it can stand a lot of improvement."

"Granite City can become more beautiful," the mayor added.

"If everyone does his part, it will soon become as attractive as any city in America."

"The choice is yours," he concluded.

## U.S. Coast Guard Academy Seeking Cadets for 1966

The U. S. Coast Guard Academy, the only U. S. military academy which appoints its cadets solely on the basis of competitive examination, is seeking applicants for the class convening July 12, 1966.

Deadline for the applications is Dec. 4.

The application deadline coincides with the December College Entrance Examination Board Tests which will be the basis for the competition.

There are no congressional appointments or geographical quotas.

Applicants must be unmarried high school seniors or graduates who have reached their 17th but not their 22nd birthday by July 1, 1966. They must have earned 15 units by June 30, 1966, including three in English, two in algebra and one in plane geometry.

They must be in excellent physical condition, between 54 and 78 inches in height with proportionate weight, and must have at least 20/20 vision in each eye, correctible to 20/20.

The four-year course at the Academy leads to a bachelor of science degree and a commission as ensign in the regular Coast Guard.

Additional information and application forms may be obtained from high school guidance counselors or by writing to the Director of Admissions, U. S. Coast Guard Academy, New London, Conn., 06230.

## Glaser in Germany For Problems Meeting

Prof. Kurt Glaser, a member of the Social Sciences Division at Southern Illinois University Southwestern Campus has departed for Germany where he and other scholars will meet with the East-European Study Association of Weisbaden to plan an international conference on "Problems of Central Europe," to be held next year.

After attending the meeting he will give four lectures under the sponsorship of the universities of Nuremberg, Munich, Wuerzburg and Hamburg and two informal talks to student organizations of the University of Bonn and the Free University of Berlin. He will return Dec. 3.

His lecture topics include "The Changing Structure of World Politics," "Idealism and Realism—American Foreign Policies," and "Germany and East Europe as Seen Through American Eyes." Glaser, who joined the SIU-SW staff in 1959, is a Harvard University Ph.D. He specializes in internal relations and has held various positions in government in Europe and America, and has taught in Europe as well as in America. The professor lives at 865 East Airline drive, East Alton.

## A Time To Remember Who We Are

This is the time of year when Americans traditionally observe a day of thanksgiving for their blessings. It is good that we should do this.

But is it not also fitting that on the day—so reminiscent of our origins—we should be mindful of our heritage and the trust it imposes on us. The price the Pilgrims paid for survival. The bloody feet at Valley Forge. The thunder at the Alamo, Gettysburg, the Argonne, Midway, Bastogne and Pork Chop Hill.

Yes, let us remember who we are. For a little pride is the wellspring of courage. Let us endure unflinchingly whatever sacrifices we are called upon to make to defend our free institutions from the night of communism, which is bent on undermining our faith in ourselves. Let us rely not only on the gold in our vaults, but the iron in our blood. And let us cling like ivy to the faith of our fathers until, in God's good time, all men are free.

## Girl Scouts 'Festival of Giving' Dec. 12

The annual Girl Scout "Festival of Giving" will be held on Sunday, Dec. 12, at two locations — the Madison Memorial Center and at the Granite City high school gymnasium.

Each year the girls scout troop of all age groups give food and toys for distribution through the Salvation Army "Tree of Lights" program and also by the Red Cross Chapter, Protestant Wel-

fare and Catholic Churches.

The girls not only give food and toys for the community's needy, but also decorate Christmas trees to be given to the families.

Neighborhood One, which includes troops in Madison and Venice, will hold its festival from 1 to 3:30 p.m. on Dec. 12. Each troop is to provide a part of the entertainment, and Santa

Claus is to arrive at 3 p.m. with treats for the girls. Each troop is to give a food basket and a tree.

The festival at Granite City high school will be from 2 to 3:30 p.m.

Neighborhood Two troops will be in charge of the Christmas trees; while Neighborhood Three program and also by the Red Cross Chapter, Protestant Wel-

## Hot Lunch Program Provides Incentive To School Pupils

Parents of school-age children were urged this week by County School Supt. Wilbur R. L. Trimpe to see to it that their youngsters participate in school lunch and milk programs as a means of receiving a nutritional diet during school hours.

Trimpe said that atmosphere and supervision in school cafeterias and the association with other pupils is conducive to desirable eating habits and causes youngsters to eat healthful foods they otherwise would not eat at home.

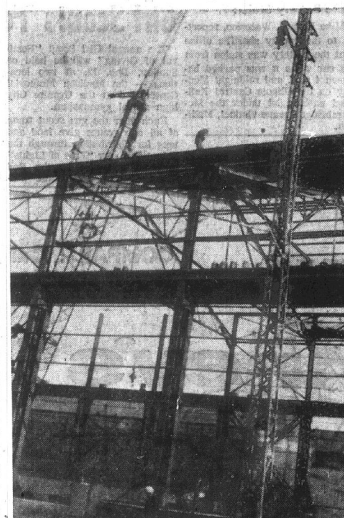

Trimpe said that most Illinois schools, both public and parochial, have taken advantage of the National School Hot Lunch program. Such schools are reimbursed with federal funds in the amount of five cents for each class A meal served with milk. A class A meal is one that is balanced and contains minimal quantity and nutritional content.

Participating schools also receive government commodities consisting of pork, beef, poultry, canned and dried vegetables, dairy products, vegetable fats, flour and other items which enable the schools to provide excellent meals at low cost.

Trimpe noted that in addition to the lunch program, schools also may avail themselves of a special milk program. Schools that operate a school lunch program are reimbursed four cents per half pint for additional milk served.

This program makes it possible for schools to serve milk at a rate of two or three cents per half pint. Schools that do not have a lunch program may participate in the milk program, but are reimbursed only three cents per half pint in this case.

## Trip to Washington for School Safety Patrol

Mayor Donald W. Partney was informed this week in a letter from H. Sam Priest, president of the AAA Automobile Club, Illinois Division, that a school safety patrol member will be selected to represent Granite City in the 30th annual National School Safety Patrol Parade in Washington, D.C., May 14, 1966.

Auto Club District Manager Ray Carter said the selection will be made by a committee appointed by the mayor.

The all-expense paid trip will include a tour of the historic battlefield at Gettysburg, Pa., sightseeing in the nation's capital and the six-hour parade itself, largest of the year in Washington, in which 25,000 safety patrol members from all sections of the country participate. The auto club sponsors the trip as a reward for an outstanding local patrol member for service rendered in safeguarding the lives of his or her classmates, and to call attention to the record of the school safety patrol.

Since the patrol's organization 36 years ago, the traffic fatality rate for the 5-to-14 age group has been reduced by more than 50%, while deaths in other age groups have almost doubled. There has been only one child killed in Auto Club territory where members of the patrol have been on duty throughout this period.

The trip will be made by chartered bus and the students will be under the supervision of Auto Club personnel.

## GC May Brighten Street Lights Throughout City

Brighter street lights throughout Granite City were proposed during Monday night's council session. Funds for the added electricity will be considered for next year's city budget, if the proposal is accepted.

Alderman Parmley proposed the brighter lights, pointing out most of the present street lights are dim and are referred to as "peashooter lights."

### Proffitt on Northern Tour with Jazz Combo

A former Granite City high school athlete who turned to music after a knee injury disrupted his physical activities is now a traveling professional in his new field.

He is Jim Proffitt, a 1964 GCHS graduate, who is on tour with Gene Terry and the Tri-Dells, a modern jazz combo currently performing in St. Paul, Minn. He formerly was a star basketball player on the basketball courts in this area.

With the combo for more than two months, Proffitt will be playing night spots in various cities in Wisconsin in the near future. He is the lead guitarist with the group and has a three-year contract with a manager headquartered at Waukegan.

There are no current plans for an appearance in this area, according to his mother who has been making periodic visits on the tour trail.

He played with other combos, including locally, before joining his current quartet. A young group, three are 19 and the leader is 24. Proffitt is the son of Mr. and Mrs. Randall Proffitt, 2878 Grand avenue.

### Slavic, East European Publications Sought

A Slavic and East European library project is being sponsored by the History Club at the Southern Illinois University-Southwestern campus.

Members of the club are asking area societies and individuals to look in their own libraries, attics and basements for books, journals, newspapers and other printed matter, especially local publications, they would like to contribute.

All material suitable for a university library will become part of a permanent collection at the university's new Elijah P. Lovejoy library. A committee of SIU-SW faculty members will help the librarians with the selection.

According to Gene Morelli of Troy, club president, the decision to concentrate on materials from the Slavic and East European countries was based on three things—East Europe is a critical area, the library does not have too much material on these countries and many persons from those countries settled in the area surrounding the local campus.

Slavic and East European countries for which information is needed includes Poland, Czechoslovakia, Yugoslavia, Russia, Bulgaria, Estonia, Latvia, Finland, Albania, Lithuania, Hungary and Romania.

Those wishing to contribute may phone the Lovejoy library. Club members will pick up the materials.

### Two Skaters Win 2nd In Belleville Event

Keith Mercer and Patty Steiner of the local roller skating club won a second-place trophy in the junior dance division at an inter-club meet during the weekend at Belleville.

They may become eligible of competing in the national competition to be held in Chicago, it was reported.

Kim Klashna placed second in freshman girls figures, and Pam Townzen was third in juvenile girls figures.

Others participating in the meet were Joey Mercer and Lynn Woods, Bill Lehman and Judy Smith, Ted Brown and Pam Townzen, Freddy Meyers and Kim Klashna, and Danny Tucker and Barbara Black, all in the freshman dance.

The next meet will be held Dec. 8 at Florissant, Mo.

### Special 'Y' Events Set for Jr. High Students Saturday

Varied activities are scheduled for junior high school students from 1 to 4:30 p.m. Saturday at the YMCA.

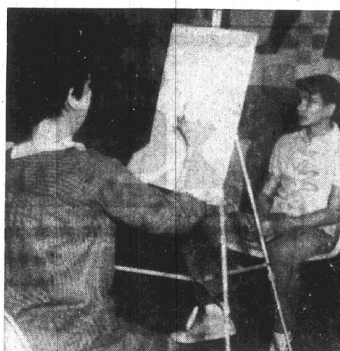

One is "Bus Bumm'n'," in which youngsters are asked to dress as original hoboes or bums. Prizes will be awarded to a girl and boys for the most original costumes, and all "bums" will be taken on a bus trip to a destination that will remain a secret until Saturday.

Requests for bombardment, mixed volleyball for both girls and boys, have resulted in a scheduled time for the gym from 1 to 3 p.m. The trampoline and other gym equipment will also be available to the students.

**Splash Party**  
A splash party for junior high students only will be held at 3 p.m. in the pool, so students were advised to bring their swim suits and towels.

Last Saturday junior high students from Coolidge, Central, Prather and St. Mary's schools attended activities which included volleyball, basketball, trampolining and basketball.

A special feature was portrait sketching of students by seven local artists. They were Mrs. Betty Roberts, Mrs. Dotti Toth, Mrs. Carol Edwards, Mrs. Gloria

**PORTRAIT SKETCHING** of junior high students as a feature of YMCA activities for the youngsters on Saturday afternoons. Posing for the professional artist, Mrs. Gloria Spence, is Bill Taff, 2333 Cardinal avenue.

Spence, Mrs. Jackie Sparks, Mrs. Bonnie Fuller and Roger Hoover. More than 60 were completed.

To accommodate those who did not receive a portrait of themselves, the sketching session will be repeated on the first Saturday of each month, according to Mrs. Fuller, junior high director.

Conducting the program are Dave Walker, Dave Williams and Mrs. Fuller, who may be contacted for more information by phoning or visiting the "Y" on Saturday. Both members and non-members will be admitted this Saturday without charge for a special get-acquainted program.

### Omega Tau Tri-Hi-Y Club Installs Officers

New officers of the Omega Tau Tri-Hi-Y club were installed and new members inducted at a meeting held in the YMCA, according to announcement today. Janice Kreher was installed as president and Cindy Louis as vice-president.

Other new officers are Gayle Koser, secretary-treasurer; Debbie Harris, historian; Pamela Devine, chaplain, and Laura Hoffman, sergeant at arms. New members inducted are Christine Dye, Betty Daily and Doris Vasquez.
